Updated buy/sell spreads

Due to increased volatility in global investment markets following the uncertainty driven by COVID-19, the cost of transacting has risen significantly. As a result, Antares Capital Partners Ltd ('Responsible Entity') reviewed the buy/sell spreads for the Fund listed in Table 1.

The buy/sell spreads that apply for the Fund are updated as set out in Table 1.

Buy/sell spreads are incurred when investors apply for or redeem units in the Fund. They reflect the transaction costs associated with the purchasing and selling of assets within the Fund in order to issue units or pay redemption proceeds to investors. The application of buy/sell spreads to the Fund ensures fair attribution of costs between transacting and non-transacting investors. Buy/sell spreads are not fees paid to the Responsible Entity.
