Dear Investor

## Changes to the MLC-Platinum Global Fund

We'd like to let you know that MLC Investments Limited is introducing a buy-sell spread on the MLC-Platinum Global Fund APIR: MLC0060AU (**the Fund**) from 1 October 2019.

The new buy-sell spread will be 0.15%/0.15%. Previously there was no buy-sell spread.

The buy-sell spread is a fee to recover transaction costs incurred by the Fund when it sells and purchases assets, including brokerage. Introducing a buy-sell spread to this Fund means transaction costs are largely paid by investors at the time they invest or withdraw from the Fund, rather than other investors. We regularly review buy-sell spreads to ensure that the fee closely represents the actual cost incurred by the Fund.

Further information will be available in the MLC MasterKey Unit Trust Product Disclosure Statement on 1 October 2019 at [mlc.com.au/pds/mkut](http://mlc.com.au/pds/mkut)

Thank you for choosing MLC to look after your investment needs.

Yours sincerely
