3. Tax Status

Tax Residency rules differ by country. Whether an individual is tax resident of a particular country is often (but not always) based on the amount of time a person spends in a country, the location of a person's residence or place of work. For the US, tax residency can be as a result of citizenship or residency.

Please answer **both** tax residency questions:

Is the individual a tax resident of Australia?

Yes No

Is the individual a tax resident of another Country?

Yes No

3. Tax Status continued

If the individual is a tax resident of a country other than Australia, please provide their tax identification number (TIN) or equivalent below. If they are a tax resident of more than one other country, please list all relevant countries below.
