

21 January 2022

Dear Investor

Equity Trustees Limited as Responsible Entity ("EQT") for the MFS Fully Hedged Global Equity Trust ARSN: 112 310 442 ("Trust") is writing to advise you that the Trust will change its name with effect from the end of February 2022.

	Old	New
Trust Name	MFS Fully Hedged Global Equity Trust	MFS Hedged Global Equity Trust

The change to the name and accompanying changes in the Trust's investment guidelines (from the Trust being fully hedged to hedged as far as practical) have been made in order to more appropriately reflect how the currency hedge overlay in the Trust works on a day-to-day basis. These changes have been made so that the name and investment guidelines language is more consistent with the fact that there may be circumstances where a full currency hedge may not occur or is not possible (e.g. due to market liquidity and small exposures in certain currencies).

Other changes which will be made to coincide with the name change include the following:

- The Trust's eligible investments have been expanded to include special purpose acquisition companies and limited partnership units. This change has been included to refresh the Trust's investment guidelines for consistency with MFS' investment capabilities; and
- Formally restricting tobacco investments in the Trust's investment guidelines. This change has been included so as to recognise the restriction directly in the guidelines. The restriction has effectively already been in place since July 2015 due to the Trust's investment in the MFS Global Equity Trust (which applies this tobacco restriction).

Should you have any questions about the above, please contact the MFS Client Service Team on 02 9228 0400 or ClientServiceAustralia@mfs.com.

Kind regards,

Russell Beasley
