Re - Unitholder update Partners Group Global Value Fund (AUD)

Dear Unitholders,

We wish to inform you that a sell spread of 2% will be introduced in relation to the Partners Group Global Value Fund (AUD) ("Fund"), effective immediately. This fee is for the benefit of investors that remain in the Fund.

This action is required as a 2% redemption fee has been imposed in the underlying Luxembourg fund in which the Partners Group Global Value Fund (AUD) invests. This redemption fee has been introduced due to the increased volatility in financial markets and the related effects caused by COVID-19. The sell spread will be adjusted as and when the underlying redemption fee is revised.

The sell spread will be applied to all redemption requests submitted for this months' trading window which commenced on 16 March 2020 and will close on 15 April 2020.

IMPORTANTLY for those investors who have already submitted redemption requests, you are able to revoke your redemption request by contacting your relevant investment platform or the fund administrator as disclosed in the current Product Disclosure Statement ("PDS").

Given the current circumstances we have arranged with Equity Trustees Limited (in its capacity as responsible entity of the Fund) and with the underlying Luxembourg fund to provide investors additional time to make any cancellation decision, and you will have until 5pm on 24 April 2020 to provide a cancellation of your redemption request (the current PDS provides for a cut off at 5pm on 15 April 2020). It should be noted that while investors have additional time to cancel any outstanding redemption, the cut-off for redemption and application requests remains unchanged, i.e. 5pm on 15 April 2020. If you wish to proceed with your redemption no action is required on your part.

Our key focus is preserving value within the portfolio and safeguarding the interests of all unit holders.

We would also remind investors, that during periods of market distress opportunities arise to purchase quality assets at attractive prices. We will continue with our conservative approach to investing, benefiting from an information advantage of tracking 36,000 underlying private market assets and portfolio companies. These data sets will continue to provide the framework for applying our relative value views, assessing the market and making investment decisions for the benefit of our clients.

We appreciate your continued support. If we can provide further assistance, please do not hesitate to contact us.

Kind regards

Partners Group Private Markets (Australia) Pty Ltd
