FUND NOTICE

PM Capital Enhanced Yield Fund (ARSN 099 581 558)

When you apply for or redeem units in managed funds there are transaction costs known as buy-sell spreads. The spread reflects the costs of the funds purchasing and selling of assets in response the daily applications and redemptions, and seeks to ensure that investors in the funds are not impacted by the costs generated by other investors buying or selling units.

Due to recent global volatility in fixed income markets, the cost of transacting has increased. The outcome of our latest review of transaction costs has resulted in an adjustment of buy-sell spread for the PM Capital Enhanced Yield Fund (ARSN 099 581 558), effective immediately.
