Dear Directors,

## Notice of Model Portfolio Termination – Antares Listed Property Model Portfolio

A decision has been made to terminate the Antares Listed Property Model Portfolio on 31 March 2022.

### Why are we terminating the Model Portfolios?

We believe it's in the model portfolio holders' best interests that Antares Listed Property model is terminated on the basis that:

- Antares Capital Partners Ltd are terminating its service as investment manager of the Antares Listed Property Model Portfolio, and
- There is a viable alternate model portfolio on the platform with similar investment objectives

### What happens next?

The model portfolio as an investment option is closed for new investment. On or around 31 March 2022 any investment still in the model portfolio will be transferred to the member's accounts as per their instructions to enable the full termination of the model portfolio by mid April 2022. If no instructions are received the model assets will be transferred as in-specie single stock holdings.

### Any questions?

If you have any questions about the termination please contact us on **132 652**.

Yours sincerely
