Financial Report	14

The Trustee is part of the National Australia Bank Group of Companies. An investment with the Trustee is not a deposit with or liability of, and is not guaranteed by, National Australia Bank Limited ABN 12 004 044 937 AFSL 230686 (NAB). References within the Annual Report to 'we', 'us' or 'our' are references to the Trustee, unless otherwise stated.

A year in review

We've experienced much change in the last 12 months. I'm proud to share with you some of the initiatives we've undertaken in that time.

We've re-designed our investment offerings, reduced fees across a number of products and ensured we've been ready to roll out new legislative requirements such as the Protecting Your Super package quickly. There's more online support too with the re-launch of the MLC app and an update to our online Retirement Forecaster. Preparing for our separation from the National Australia Bank has also been an important piece of work and significant effort has gone in to creating the right strategy to make this a successful change when it happens later in 2020.

Thank you for investing your super with us and I trust you'll be pleased to read more about the changes we've made, below.

Reduced fees

We're committed to customers having access to competitive fees and products to assist them with improved retirement outcomes - and that's why we've significantly reduced administration fees on some of the products within the super fund.

Investment performance

After some volatility at the end of 2018 when markets fell sharply, the shares component of members' portfolios ended the 2019 financial year strongly. After three consecutive years of substantial growth, it wasn't surprising to see market volatility re-emerge but despite the inevitable share market dips, longer-term returns remain pleasing. To see the latest returns on your super, log in to your account online at mlc.com.au

New ways of interacting

Technological advance has been rapid across almost every industry, globally. It's vital that we embrace the changes so that we can better meet the needs of our customers and communicate with them in new ways. In 2019 we re-launched the MLC app with a range of new features as well as updated our online Retirement Forecaster to better assist your long-term planning.

Protecting your super

On 1 July 2019, the Protecting Your Superannuation legislation came into effect and we've been ready. It's designed to protect your super savings, particularly for any members who have low balances. If you're unfamiliar with these changes, you can read the details online at mlc.com.au

The year ahead

Our national super system is currently valued at more than \$2.8 trillion and growing. While this is encouraging, we know it's important to address any oncoming challenges head on, particularly as it's anticipated there'll be further legislative and regulatory changes in the year ahead. Whether you're at the start of your career or looking forward to retirement, we'll be ready to give you the right help and guidance to reach your financial goals.

We're looking forward to the next 12 months and thank you for your ongoing trust and support.

Peter Promnitz

Chair

NULIS Nominees (Australia) Limited

Looking out for your interests

The directors of the Trustee Board have a variety of work and life experiences which help them represent and look out for your interests.

Made up of non-executive directors, the Trustee Board is responsible for the management and performance of the Fund.

The Trustee Board has professional indemnity insurance. And the Trustee has appointed its related company, National Wealth Management Services Limited ABN 97 071 514 264, to carry out the day-to-day functions of the Fund.

Meet the Board

The directors are:

Peter Promnitz (Chair)

BSc (Mathematics and Statistics)

(University of Adelaide) FAICD, FIAA

Andrew Gale

MBA (Macquarie University), B Arts (Actuarial) (Macquarie University), FAICD, FIAA

Peggy O'Neal

BA (Virginia), JD (Virginia)

Diploma of Superannuation Management (Macquarie University), FAICD

Terry McCredden

B Comm (Hon) (University of Melbourne)

Trustee director movements

Peeyush Gupta retired effective 31 January 2019.

Alan Schoenheimer retired effective 26 August 2019.

Operational Risk Financial Requirement (Reserve)

The Government requires superannuation fund trustees to hold adequate financial resources (Reserve) to cover any losses that members incur due to operational errors. The Reserve has been established in full by the Trustee's capital (via equity contributed from its ultimate shareholder, NAB). If

the Reserve falls below the Trustee's targets, the Trustee proposes to fund the shortfall through its own capital, rather than seeking contributions from members. This means that the Trustee doesn't currently require members to contribute to the Reserve, but members will be notified if this changes in the future. As the Reserve is held by the Trustee, it isn't reported in the financial statements of the Fund.

The balance of the Reserve at the end of the last 3 financial years is summarised below:

- 30 June 2019: \$279M
- 30 June 2018: \$269M
- 30 June 2017: \$253M

General reserves

The Trustee has established general reserves to provide liquidity to assist in the management of the Fund for the benefit of members. The Trustee manages and replenishes these reserves in accordance with its applicable policy, with the guiding principle that the general reserves should be replenished from sources that are not easily allocated back to members, unless members have been explicitly advised.

The balance of the General reserve at the end of the last 3 financial years is summarised below:

- 30 June 2019: \$84M
- 30 June 2018: \$62M
- 30 June 2017: \$62M

For details of the balances and movement of the General reserve and other reserves, refer to the Abridged financial information - Statement of changes in reserves on page 18.

Some things you should know

Policy Committees (MLC MasterKey Business Super members only)

If your employer plan had a policy committee during the financial year, you can find details about your plan's policy committee and members in your Annual Statement.

We have a set of rules for the appointment and removal of employer and member representatives of the Policy Committee. These rules provide for equal representation of member and employer representatives. Member representatives are generally elected by members and are typically appointed for a period of three years. Employer representatives are appointed by your employer for a period determined by your employer.

Transfers to an Eligible Rollover Fund

We may transfer your account balance to an Eligible Rollover Fund if:

- your investment switching activity is deemed to be contrary to the interests of other members
- your accounts have been closed and you're eligible for a payment and we've not received any instructions from you, or
- other situations permitted under the law.

The Eligible Rollover Fund we currently use is the Australian Eligible Rollover Fund and they can be contacted on **1800 677 424**. Alternatively, you can write to them at:

C/- Jacques Martin Administration and Consulting Pty Ltd, Locked Bag 5429, Parramatta NSW 2124.

We'll advise you in writing to your last known address if we intend to transfer your account balance and will proceed if you don't respond with instructions regarding an alternative super fund.

Please note, a transfer to an Eligible Rollover Fund may have a detrimental impact to your super benefit as the Eligible Rollover Fund may have a different fee structure, different investment strategies and may not offer insurance benefits.

Transfers to the Australian Taxation Office (ATO)

The law and rules defining the transfer of unclaimed superannuation money to the ATO can be viewed at ato.gov.au

In summary, we're generally required by law to transfer your account to the ATO if any of the following occurs:

- your account balance is less than \$6,000 and either:
 - no contributions or rollovers have been made to your account for 12 months, you haven't otherwise contacted the Fund for 12 months and we have no way of contacting you, or
 - you've been a member of the Fund for more than 2 years, your account was set up through your employer sponsor, and there have been no contributions or rollovers made to your account for over 5 years,
- you're over 65, contributions haven't been made to your account for over 2 years, you haven't contacted us for at least 5 years, and we haven't been able to contact you,
- the ATO informs us that you were a former temporary resident and left the country over six months ago, or
- upon your death, where no contributions have been made for at least 2 years, and after a reasonable period of time, we've tried but haven't been able to identify or contact the beneficiary of your account.

Under recent changes, we're also required to transfer your super balance to the ATO if your account remains inactive for a period of 16 months or more, and the balance is less than \$6,000. Your account is considered inactive if you haven't made any additional contributions or certain changes to it over that time including:

- had contributions or rollovers from other super funds paid into your account
- changed your investment options or strategy
- changed or elected to cancel your insurance cover (where your insurance is held within your super account), or

Some things you should know

- made or amended a binding beneficiary nomination.

There may be other circumstances in which we need to transfer your account to the ATO.

If your account is transferred to the ATO, you can contact them on **13 10 20** to claim your benefit.

Special rules for temporary residents

If you're a temporary resident and your visa has expired and you leave Australia permanently, you may be able to claim the super you hold with us as a Departing Australia Superannuation Payment. Withholding taxes may apply to the lump-sum payment. However, if you don't make a claim within six months of your visa expiring or your departure from Australia (whichever happens last), we may be required to transfer your super to the ATO as unclaimed super. If we transfer your super to the ATO, we won't notify you or give you an exit statement. You can then claim your super from the ATO directly. Visit ato.gov.au or call the ATO on **13 10 20**.

Illiquid investments and portability

When you ask us to roll over or transfer all or part of your account balance, we're generally required to process your request within 3 business days. There may be a delay in processing your request where part of your account balance is invested in an 'illiquid investment'.

What is an illiquid investment?

An investment is considered illiquid when you're unable to access your investment within the required timeframes or, if you do, it would be at a materially lower price. This situation may arise when:

- a fund manager suspends transactions or closes their fund
- the normal redemption processing timeframe for a fund is greater than the required timeframe, or
- a listed investment is under administration, suspended or delisted.

Where we're unable to process your request within the required timeframe, we'll notify you or your financial adviser of this and provide details of the illiquid investments.

Resolving complaints

If you have a complaint, we can usually resolve it quickly over the phone on **132 652**, or if you'd prefer to put your complaint in writing you can email us or send us a letter. We'll conduct a review and provide you a response in writing. For more information, visit mlc.com.au/complaint

If you're not satisfied with our resolution, or we haven't responded to you in 90 days, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA).

AFCA provides an independent financial services complaint resolution process that's free to consumers. You can contact AFCA in writing to **GPO Box 3, Melbourne, VIC 3001**, at their website (afca.org.au), by email at info@afca.org.au, or by phone on **1800 931 678** (free call).

If you have a complaint about financial advice you receive, you should follow the complaint resolution process explained in the Financial Services Guide provided by your financial adviser.

Some things you should know

This section is specific to MLC MasterKey and MLC Personal Superannuation. It is a reminder about how your account operates.

Protecting all members

We look out for you, so we've introduced processes that help protect the interests of all members.

Investment switching

You can change your investment options any time. We do not charge a fee for you to do this. However, buy-sell spreads may apply.

We may delay any switches or withdrawals, for example where an investment manager delays or suspends unit pricing, and where delays are caused by circumstances outside our control. We are not responsible for losses caused by these delays.

Monitoring of frequent switching

This product is not appropriate for members who wish to switch their investments frequently in the pursuit of short-term gains.

We monitor all investment options for abnormal transaction activity because this sort of activity can have adverse impacts for other members.

To maintain equity, we have the right to deal with members who frequently switch by:

- delaying, limiting, rejecting or applying special conditions to future switch requests
- permanently cancelling membership and transferring account balances to the Australian Eligible Rollover Fund
- rejecting applications to open new accounts in the Fund, and/or
- rejecting contributions and rollovers to existing accounts

Prudent management

We reserve the right to refuse applications or vary the terms for processing any transaction in certain circumstances, such as when:

- there are significant falls in investment markets
- we have difficulty in completing transactions due to low liquidity

We also reserve the right to suspend processing of requests for up to five business days at the end of the financial year.

Should any of these events occur, we'll use the unit price on the day we process your request.

Transaction cost policy

The Trustee is responsible for ensuring that the costs of buying and selling assets when members transact are shared in an equitable way. This is achieved by meeting costs as they arise:

- for an investment option as a whole by offsetting them against investment earnings. This is the approach when there is a single unit price, sometimes called no-spread unit pricing, or
- due to member transactions by offsetting them against the individual member assets. This is the approach when investment options have a buy-sell spread in the unit price.

The transaction costs borne by an investment option are identical in each approach and, generally, both methods work well.

For no-spread investment options, we allow for expected transaction costs in the valuation of assets to protect members in an investment option that is in decline.

Note: The transaction cost policy is part of the Trustee's Product Governance Framework.

How your money is invested

In this section we tell you how the Trustee invests your money

One of the Trustee's responsibilities is to make sure your investments are managed according to the investment strategies and objectives established by the Trustee.

We offer many products for you to invest in. Some of these will have similar investment objectives and strategies. To make this section easier for you to read, we've grouped products with common objectives and strategies together on the following pages.

Investment Managers

Investment managers of the investment options available on our menu this year are:

Altrinsic Global Advisors, LLC

Antares Capital Partners Limited²

Ausbil Investment Management Limited

BlackRock Investment Management Australia Limited

Fairview Equity Partners Pty Ltd¹

Investors Mutual Limited

Macquarie Investment Management Global Limited

MAPP Pty Limited

MLC Limited¹

MLC Asset Management Services Limited^{2,3}

National Australia Bank Limited²

Perennial Value Management Limited

Perpetual Investment Management Limited

PIMCO Australia Pty Limited

Platinum Investment Management Limited

Schroder Investment Management Australasia Limited

Vanguard Investments Australia Limited

We may use the services of NAB Group companies where it makes good business sense to do so and will benefit our customers.

Amounts paid for these services are always negotiated on an arm's-length basis.

Asset allocation and large investments

Further information about your actual asset allocation can be found in your Annual Statement. As at 30 June 2019, the MLC Super Fund held the following assets with a value of greater than 5% of the Fund's total assets:

- WM Pool - Australian Equities No. 2 - 8.2%⁴

Many different investment options and products across the MLC Super Fund invest in this underlying asset.

1 A member of the National Australia Bank Group of Companies (NAB Group) is a minority shareholder in this investment manager.

2 A member of the NAB Group.

3 Previously known as NAB Asset Management Services Limited prior to October 2019.

4 MLC Investments Limited, a related company, is the responsible entity of this investment option.

How your money is invested

Derivatives

Derivatives may be used in any of the investment options.

Derivatives are contracts that have a value derived from another source such as an asset, market index or interest rate. There are many types of derivatives including swaps, options and futures. They are a common tool used to manage risk or improve returns.

Some derivatives allow investment managers to earn large returns from small movements in the underlying asset's price. However, they can lose large amounts if the price movement in the underlying asset is unfavourable.

Risks particular to derivatives include the risk that the value of a derivative may not move in line with the underlying asset, the risk that counterparties to the derivative may not be able to meet payment obligations and the risk that a particular derivative may be difficult or costly to trade.

The Trustee's derivatives policy permits the use of derivatives in MLC investment options where consistent with an investment option's objective, risk profile, disclosure and governing documents, legislative and regulatory requirements. They may be used for:

- hedging
- efficient portfolio management, and
- investment return generation.

Further information on the Trustee's derivatives policy is available at mlc.com.au/derivativesforsuper

How the external investment managers invest in derivatives is included in their **PDS**, available at mlc.com.au/findafund in the 'External funds' tab.

Understanding your investment performance

The investment options available may change at any time and information about the current investment options including their investment objective is available on mlc.com.au/fundprofiletool

You can also find information about your investment returns in your Annual Statements.

Some investment options are closed to additional and new investment. If you're invested in a closed investment option, it may not be referred to in the current Investment Menu or in a current Product Disclosure Statement for your product.

How your money is invested

Product name	Investment objective	Investment strategy	About your account value
MLC MasterKey & MLC Personal Superannuation Savings Plan			
MLC MasterKey Super & Pension Fundamentals	To provide a selection of investment options so you can invest according to your individual needs and circumstances.	The Trustee invests in suitably structured portfolios. Each investment option available has an individual investment objective and strategy.	When money is paid into your account, units are allocated to your account and when money is paid out, units are deducted from your account.
MLC MasterKey Super & Pension			The value of your account is based on:
MLC MasterKey Business Super			<ul style="list-style-type: none"> the number of units in your chosen investment options, and the price of those units.
MLC MasterKey Personal Super			The overall value of your account will change according to the unit price and the number of units you hold.
MLC MasterKey Superannuation Gold Star Series 1-10			Unit prices are calculated as at the end of each business day and robust unit pricing policies are used to do this.
MLC MasterKey Superannuation Five Star Series 1-4			The unit price will reflect the performance of the underlying assets, income earned, fees, expenses and taxes paid and payable.
MLC MasterKey Allocated Pension Gold Star			The performance of the underlying assets is influenced by movements in investment markets such as local and overseas share markets, bond and property markets.
MLC MasterKey Allocated Pension Five Star			If you would like to find out more about our unit pricing philosophy, go to mlc.com.au/unitpricingphilosophy
MLC MasterKey Term Allocated Pension			NAB Fixed Rate Fund (only available to members in MLC MasterKey Allocated Pension Gold Star, Five Star and Term Allocated Pension and is closed to new applicants in MLC MasterKey Pension)
MLC Personal Superannuation Savings Plan			A guaranteed interest rate is payable for the term selected. Interest is calculated daily and credited: <ul style="list-style-type: none"> on withdrawal or switch, or on maturity.

How your money is invested

Product name	Investment objective	Investment strategy	About your account value
MLC MasterKey & MLC Personal Superannuation Savings Plan			
			<p>An exit fee applies if you withdraw before the maturity date. This fee will reduce the earnings on your investment.</p> <p>NAB Term Deposit (only available to members in MLC MasterKey Super & Pension and MLC MasterKey Super & Pension Fundamentals)</p> <p>A guaranteed interest rate is payable for the term selected. Interest is calculated daily and credited annually on the anniversary of the term, or on maturity.</p> <p>Early withdrawals are only permitted in extreme circumstances and will result in reduced interest.</p>

How your money is invested

Product name	Investment objective	Investment strategy	About your account value
MLC Super Pension Plan			
MLC Super Pension Plan	To provide a fixed regular income stream for a selected period.	The Trustee has purchased an annuity policy with MLC Limited.	This plan provides a fixed regular income stream for a selected period.
MLC Capital Guaranteed products			
MLC Maturity Growth Superannuation Plan	To balance risk and return considerations while securing guarantees to members.	The Trustee invests in policies issued by MLC Limited who, in turn, invests in a suitably structured portfolio of securities. Surplus assets, over and above those required to fund guaranteed benefits, are generally invested in a more diversified portfolio to increase potential returns.	A declared rate of interest is allocated to your account after 30 June each year.
MLC Capital Guaranteed Personal Super Savings Plan Series 1-2			If you withdraw during the year, an interim rate is calculated and applied to your daily account balance before your benefit is paid.
			The interim rate is set with the intention to reflect the year to date earnings and, as a result, may differ from the declared rate.
MLC Whole of Life Superannuation	Aims to provide a guaranteed benefit payable on maturity of the policy or your death.	The Trustee invests in policies issued by MLC Limited who, in turn, invests in a suitably structured portfolio of securities. Surplus assets, over and above those required to fund guaranteed benefits, are generally invested in a more diversified portfolio to increase potential returns.	In most cases, these products earn bonuses which are allocated annually. Your bonuses, where applicable, are advised each year in your Annual Statement.
MLC Endowment Superannuation			
MLC Pure Endowment Superannuation			
Whole of Life Endowment			
MLC Insurance products			
MLC Life Cover Super	Your contributions are used to pay the premiums for the insurance cover selected.		These products do not have an account balance or value.
MLC Insurance (Super)			
MLC Protection - Life			
MLC Protection - Executive Life
