

Member Outcomes Assessment

Year ended 30 June 2023

*The information in this document relates to Annuities and includes:
MLC Fixed Term Pension, MLC Pension, and MLC Super Pension Plan*

Each year NULIS Nominees (Australia) Limited (**NULIS**) is required to assess whether we've promoted the financial interests of members. The Member Outcomes Assessment is a measure of product appropriateness against key factors – listed in the diagram and table that follow – that can affect a superannuation product.

The assessment uses industry benchmarking, comparative data, in-house data, and reviews performed by independent research houses.

Summary of findings

These are legacy products which have been closed to new members for some time and don't have many of the features available in contemporary products. This is why many of the factors below are not applicable. The products are issued by NULIS and administered and guaranteed by MLC Life Limited (**MLCL**), a non-related party.

Factor	Data source/timing ¹	Findings
Overall assessment		
Net investment returns		
Fees & costs		
Level of investment risk		
Options, benefits & facilities	Attestations from MLCL as insurer	
Investment strategy		
Basis for setting fees		
Scale	Attestations from MLCL as insurer	
Insurance strategy & fees		

'Promoting' the financial interests of members

'Partially promoting' the financial interests of members

'Not promoting' the financial interests of members

Not applicable

¹ Data source/timing as at 30 June 2023 unless otherwise stated

Product comparison, performance and ratings

Options, benefits & facilities

This evaluates your member services & benefits, your experience in accessing the services, and whether the fees & costs you pay are commensurate to what's offered.

We've determined that options, benefits and facilities for **Annuity** products are **promoting** members' financial interests on the basis that the insurer has met the required service standard, all product obligations have been fulfilled and no significant reportable events occurred.

Scale

This measures whether NULIS is comfortable that MLCL has sufficient scale to promote the financial interests of members.

We've determined that scale for **Annuity** products is **promoting** members' financial interests on the basis that the insurer has adequate capital to meet underlying insurance risks and has a credit rating of A or above.

Overall conclusion

We've determined that, overall, Annuities are promoting members' financial interests.

On the basis that:

- Options, benefits and facilities have met the required service standard, and
- MLCL has adequate capital to meet underlying insurance risks.
