You won't be able to restart your Capital Protection investment option after it's been cancelled.

Please use this section if you want to switch part of your existing investment to different investment options.

6. Your agreement and declaration

I agree:

- if my completed request is received before 3 pm AEST/AEDT, it will usually be processed using the unit price for that business day (which is calculated at the end of the day)
- if my completed request is received after 3 pm AEST/AEDT, it will usually be treated as having been received the next business day
- where I have invested into an illiquid investment option or an investment option I have, has become illiquid, we may take longer than 30 days to transfer out of the investment option.

There are times when we might not be able to process your investment instructions, for example when:

- there are liquidity issues in the investment
- the fund manager suspends transactions
- we can't obtain a price
- the instruction is incomplete, and
- unforeseen circumstances prevent us from using our administration systems.

Before making this change I have considered the information in the relevant Annual Report about the investment options I have selected. (These documents are available on mlc.com.au)
