### Changes to Total and Permanent Disability (TPD) Definitions in the Insurance PDS

On **Page 82**, please replace the definition of TPD - *Any Occupation* with:

**TPD - Any Occupation Definition**

**Totally and Permanently Disabled (this applies until the Review Date after the Life Insured reaches age 65)**

Where this Total and Permanent Disability insurance first commenced after 30 June 2014 under an LCS policy or a PPP policy owned by a SMSF, the Life Insured must also be Permanently Incapacitated.

The Life Insured is Totally and Permanently Disabled if they have a disability caused by an Injury or sickness and they satisfy the criteria in (a), (b) or (c) below:

- **(a)** as a result of their disability they are completely unable to work at any occupation they are reasonably suited to by way of education, experience or training that would result in a rate of Earnings of more than 25% of their rate of Earnings during the continuous 12 month period before they were disabled, and are unlikely ever to be able to do so again; and
- these circumstances have existed continuously for at least 3 months,

or

- **(b)** they suffer a permanent impairment of at least 25% of whole person function (as defined in the American Medical Association publication ‘Guides to the Evaluation of Permanent Impairment’ current edition as at the date of impairment, or an equivalent guide to impairment approved by us); and
- these circumstances have existed continuously for at least 3 months,

- **(c)** they have suffered from the total and irrecoverable loss of:
  - the use of both hands; or
  - the use of both feet; or
  - the sight in both eyes; or
  - the use of one hand and one foot; or
  - the use of one foot and the sight in one eye; or
  - the use of one hand and the sight in one eye.

If, at the time the disability begins, the Life Insured is not Gainfully Employed, has not been Gainfully Employed during the previous 12 months and was performing full time domestic duties or child rearing, they are Totally and Permanently Disabled if they have a disability caused by an Injury or sickness and they satisfy the criteria in (d), (e) or (f) below:

- **(d)** as a result of their disability they are completely unable to do any Normal Physical Domestic Duties and are unlikely ever to be able to do so again; and
- these circumstances have existed continuously for at least 3 months,

or

- **(e)** they suffer a permanent impairment of at least 25% of whole person function (as defined in the American Medical Association publication ‘Guides to the Evaluation of Permanent Impairment’ current edition as at the date of impairment, or an equivalent guide to impairment approved by us); and
- as a result of this impairment, they are disabled to such an extent that they are completely unable to do any Normal Physical Domestic Duties and are unlikely ever to be able to do so again,

or

- **(f)** they have suffered from the total and irrecoverable loss of:
  - the use of both hands; or
  - the use of both feet; or
  - the sight in both eyes; or
  - the use of one hand and one foot; or
  - the use of one foot and the sight in one eye; or
  - the use of one hand and the sight in one eye.

Where the Life Insured is not Gainfully Employed and has not been Gainfully Employed during the previous 12 months, the definition that will apply to the Life Insured will be the one closest to the Life Insured’s circumstances.
Changes to Total and Permanent Disability (TPD) definitions in the Insurance PDS

On Page 83, please replace the definition of TPD - Own Occupation with:

TPD - Own Occupation Definition

Totally and Permanently Disabled (this applies until the Review Date after the Life Insured reaches age 65)

After 30 June 2014, this definition isn’t available for new insurance under an LCS policy or a PPP policy owned by an SMSF.

The Life Insured’s own occupation means the occupation in which they were engaged at the time of their application for this type of insurance unless they have changed their occupation since then. Where the change is to an occupation or occupation category that is eligible for the own occupation definition, You may choose to have a claim assessed under either the Life Insured’s occupation at the time of their application or their occupation immediately prior to their date of disability. Where the change is to an occupation or occupation category that is not eligible for the own occupation definition the claim will be assessed under the Life Insured’s occupation at the time of their application.

The Life Insured is Totally and Permanently Disabled if they have a disability caused by an Injury or sickness and they satisfy the criteria in (a), (b) or (c) below:

(a) as a result of their disability they are completely unable to work at their own occupation and are unlikely ever to be able to do so again; and

(b) these circumstances have existed continuously for at least 3 months, or

(c) they have suffered from the total and irrecoverable loss of:

• the use of both hands; or
• the use of both feet; or
• the sight in both eyes; or
• the use of one hand and one foot; or
• the use of one foot and the sight in one eye; or
• the use of one hand and the sight in one eye.

If, at the time the disability begins, the Life Insured is not Gainfully Employed, has not been Gainfully Employed during the previous 12 months and was performing full time domestic duties or child rearing, they are Totally and Permanently Disabled if they have a disability caused by an Injury or sickness and they satisfy the criteria in (d), (e) or (f) below:

(d) as a result of their disability they are completely unable to do any Normal Physical Domestic Duties and are unlikely ever to be able to do so again; and

(e) they suffer a permanent impairment of at least 25% of whole person function (as defined in the American Medical Association publication ‘Guides to the Evaluation of Permanent Impairment’ current edition as at the date of impairment, or an equivalent guide to impairment approved by us); and

(f) they have suffered from the total and irrecoverable loss of:

• the use of both hands; or
• the use of both feet; or
• the sight in both eyes; or
• the use of one hand and one foot; or
• the use of one foot and the sight in one eye; or
• the use of one hand and the sight in one eye.

Where the Life Insured is not Gainfully Employed and has not been Gainfully Employed during the previous 12 months, the definition that will apply to the Life Insured will be the one closest to the Life Insured’s circumstances.

1 How insurance works with MLC
Insurance snapshot

Know your insurance
It’s important to understand what you are, and what you’re not insured for. This PDS is here to help you understand your insurance.

1. Insurance provides protection
Insurance helps protect against the potentially devastating financial consequences of serious life events like death, disability or a critical illness - at a time when you, your family or your business needs support the most.

Claimable events
- Death
- Disability
- Critical illness

2. Insurance is a contract
Your insurance company agrees to insure you for certain claimable events. In return you agree to pay a premium. Your policy document sets out the terms and conditions of your insurance, while the schedule sets out details of what you’re insured for (including the sum insured, specific settings and options selected, special terms that you have etc).

Who can own your insurance?
- You or someone else
- A business
- A super Trustee

3. You provide information
Before insurance is issued, you have to provide information about your health and individual circumstances to determine if you can be insured, or if special terms need to apply.

It’s really important that you tell everything about your health and circumstances when you apply for your insurance. This is called your Duty of Disclosure.

If you don’t make a full disclosure you or your beneficiaries may not be paid a benefit when you need it most.

All the information you need about your duty of disclosure is on page 92.

4. You pay a premium
Your premium is the amount you pay for your insurance.

Generally your premiums will be higher when you’re:
- Insured for higher amounts (sum insured) or for multiple types of insurance, or
- More likely to make a claim (risk of claim).

Premiums are recalculated each year. For more information about premiums pages 33 - 36.

Factors that impact your premium amount
- Age
- Smoking status
- Gender
- Occupation
- Health and medical history
- Lifestyle and leisure activities.

5. You are insured
Your insurance continues until you cancel it, it expires or a nominated event occurs that ends it.

For information about when your insurance ends, see the General termination events sections of this PDS on pages 58 - 59 and page 72.

Worldwide insurance
MLC insurance travels with you, which means you’re insured 24 hours a day, anywhere in the world.
6. You (or your beneficiaries) make a claim

You or your beneficiaries can make a claim if a claimable event occurs while you’re insured.

Some insurances have:

- Exclusions (events or conditions you’re not insured for), or
- Qualifying Periods, (defined periods of time when a policy starts, is increased or reinstated where claims for certain events aren’t payable), or
- Waiting Periods, (defined periods of time after a claimable event where claims for certain events aren’t payable).

For more information about what you can and can’t claim for, see the Summary of the terms and conditions section of this PDS on pages 46 - 72.

7. Paying benefits

If your claim is approved the benefit is paid.

The insurance terms and conditions describe when the benefit paid will be:

- The sum insured for that particular insurance, or
- A proportion of the sum insured, or
- Another specified amount.

If you have a self-managed super fund (SMSF)

SMSFs that have insurance under an MLC Personal Protection Portfolio policy are subject to superannuation law and so additional requirements will apply.
Insurance in super at MLC

In this PDS insurance **inside super** refers to all types of insurance that can be held in super, regardless of who is the Trustee.

You can choose to hold insurance and pay premiums through super.

MLC issues the policy to the Trustee, who owns it on your behalf. You are both the life insured and a member of your fund.

Importantly, for benefits to be paid to you or your beneficiaries for your insurance in super you will need to meet both:

- the insurance terms and conditions, and
- a condition of release set by super law

More information about the conditions of release is on page 41.

Holding your policy in a super fund

MLC has an arrangement with NULIS Nominees (Australia) Limited ABN 80 008 515 633 AFSL 236465 (NULIS Nominees), who is the Trustee of the MLC Super Fund (the Fund) ABN 70 732 426 024 to make MLC Life Cover Super available to you through the Fund.

For details about:

<table>
<thead>
<tr>
<th>NULIS Nominees and the MLC Super Fund</th>
<th>Your own SMSF</th>
</tr>
</thead>
</table>

When considering holding your insurance in super you should consider:

- The type of cover you want
- How you want to pay for your insurance
- Whether the benefits are paid through a Trustee or directly to you or your beneficiaries.

You should get specific guidance from your financial adviser when making this important choice.

Structuring your insurance

Claim structures you can choose

For some insurance you can choose what will happen to the sum insured on your other insurances after we pay a claim.

<table>
<thead>
<tr>
<th>Stand-alone</th>
<th>Extension</th>
<th>Connection</th>
</tr>
</thead>
<tbody>
<tr>
<td>A claim on one insurance doesn't impact the sum insured for the other insurance. Premiums are higher than for Extension / Connection insurance.</td>
<td>Extensions are on one policy</td>
<td>Connections are across two policies.</td>
</tr>
</tbody>
</table>

You choose the claim structure when you first take out your insurance.

For the claim structures available on each insurance see key information about your insurance on pages 12 - 26.
Our offer

Premium structures you can choose

We offer three types of premium structures that you can choose from:

- **Stepped premiums** – which changes each year to reflect the increasing likelihood of claim as you age,
- **Decreasing cover** – similar to stepped premiums however your premium stays the same while your sum insured changes each year to reflect the increasing likelihood of claim as you age, and
- **Level premiums** – which spreads out the increasing likelihood of claim as you age by charging more at the start of the insurance, but less in the later years of the insurance.

For stepped and level premium types inflation-linked increases to the sum insured will also increase the premiums. We may also need to change rates in the future, which would change the premiums you pay.

Inflation-linked increases are not available for decreasing cover.

For more information about stepped premiums, decreasing cover and level premiums, please see pages 33 - 34.

What your insurance includes

In this PDS you will find the following information about your insurance:

| Benefit(s) | Are what we pay when a claimable event occurs. The benefit paid may be the full sum insured, a proportion of the sum insured, or another amount. Benefits can be either a one-off payment (lump sum), or a monthly payment for a period of time, or until you’re no longer disabled. There may be more than one benefit available under your insurance, to cover different needs. |
| Setting(s) | Are a required selection for TPD, Income Protection and Business Expenses (that you select when you apply) which determines when benefits will be paid. Details on these settings can be found under the relevant insurance. |
| Feature(s) | Are built into your insurance. Some features will automatically apply to you, while others are available to be “turned on” according to the terms and conditions for that feature. |
| Option(s) | Are available for you to select when you take out your insurance. There are two types of options:  
  - Options that expand your insurance, and increase your premiums, or
  - Options that limit when you can claim, and reduce your premiums. |

What you need to know about the risks

There is a risk that the insurance you choose won’t meet your needs.

Your financial adviser can assess your circumstances and help you choose insurance to suit your needs and the sum insured.

It’s important to consider your future needs now as you may not qualify for some insurances if your circumstances change.

### Types of Critical Illness insurance

#### Critical Illness Plus

Critical Illness Plus provides our highest level of insurance with the most conditions insured.

Your critical illness definitions will only change where we improve them in your favour.

#### Critical Illness Standard

Critical Illness Standard provides our standard level of insurance, which insures the most common medical conditions. It cannot be taken out as stand-alone insurance.

While we may make improvements to the critical illness definitions in your favour, we may also change the types of critical illness and critical illness definitions as advances are made in treatment and diagnostic techniques, to ensure they:

- remain appropriate with regard to medical terminology and classification;
- take into account effective cures, vaccines and modern diagnostic procedures;
- include some diseases considered appropriate in the future; and
- exclude some diseases which are found to have become minor in the future.

We will let you know if we make a change. Changes will apply to all policy holders. You won’t be singled out for a change.

For more information see page 49.

### Important information about Critical Illness insurance

Where you make a critical illness claim for cancer, a heart attack or a stroke, we will assess your claim against the most favourable of:

- the applicable definition in our PDS/Policy Document linked to the full benefit amount; and

- if different, the corresponding medical definition in the Life Insurance Code Of Practice (The Code) (or other minimum standard endorsed in final form by the Financial Services Council and that we accept) that is current at the time the claimable event occurs.

# Critical Illness insurance

## What critical conditions are insured?

Insurance for some critical conditions starts after the Qualifying Period. This means that you won’t be insured for conditions that first appear, first happen or are first diagnosed in the Qualifying Period.

You are deemed to meet a critical condition when the condition is first diagnosed as meeting its definition or, for surgical conditions, when the surgery is actually performed. An appropriate Specialist and our medical adviser must both agree that the definition for that condition has been fully met. In some cases a condition must progress to a certain point before it meets the definition.

The following table sets out the critical conditions insured by Critical Illness Standard and Plus, and their Qualifying Periods. The detailed definitions can be found in the Key medical and disability definitions section on pages 74 - 85.

1. Choosing and buying your insurance
MLC offers a range of insurance to meet your needs. You'll need to choose the type of insurance you need and the amount (known as the sum insured).
Your financial adviser can help you choose the insurance that is right for you and will provide you with a Statement of Advice, a quote for how much the premiums will cost, a copy of this PDS for you to read, and can assist you in completing the application.

Specific information you need to know:

Specific information you need to know:
- How your application is assessed

1. Choosing and buying your insurance

**How to apply**

To apply for your insurance, please complete the application form which has been included with this PDS.

For Life Cover Super, your application is made to the Trustee, who applies to us for insurance on your behalf.

For insurance held by a SMSF Trustee, the Trustee has to complete the application as the policy owner.

A LCS policy can only cover one life insured.

A PPP policy can cover up to six lives and each life insured can have different types of insurance and levels of cover.

You will need the assistance of a financial adviser to apply for your insurance.

They can help you with each step of the application process, including preparing a quote, completing and submitting the application, and following up any additional requirements we may have.

**Nominating a beneficiary for insurance outside super**

**Who receives your death benefit?**

On your application form, you can nominate up to six beneficiaries to receive your death benefit along with the portion you’d like each beneficiary to receive. Benefits paid for Terminal Illness and Accidental Injury will be paid to you.

If any of your beneficiaries die before you, the nomination is cancelled.

If you don’t nominate a beneficiary, your death benefit will be paid to the policy owner or your estate, unless we’re legally required to pay the benefit to someone else.

If the policy owner changes (for instance if you move your insurance from non-super to super insurance) your nomination will be automatically cancelled.

Nomination of a beneficiary is only available for any insurance taken out for non-business purposes. Generally, non-business purposes mean that the beneficiary does not pay an amount of money or other consideration to become nominated.

**What happens if there’s more than one policy owner?**

If there are multiple policy owners, they own it jointly. If one policy owner dies, the policy will be owned by the remaining policy owner, or jointly owned by all the remaining policy owners.

If all policy owners have died, we’ll pay any benefits to the estate of the policy owner who died last, unless legally required to pay someone else.

Please speak with your financial adviser for more information.

**Nominating beneficiaries**

It’s important to keep your beneficiary nomination up to date with changes in your personal circumstances.

You can cancel or change your nomination at any time by completing the Beneficiary Nomination Form available at [mlcinsurance.com.au/using-your-insurance/forms-and-documents](http://mlcinsurance.com.au/using-your-insurance/forms-and-documents) or call 132 652 to request the form.

You should speak with your financial adviser, estate planner or legal representative to determine which type of nomination will best suit your circumstances and how the tax rules apply to your beneficiaries.

**Nominating a beneficiary for insurance inside super**

Your death benefit will be paid to the Trustee who will pay it according to super law.

Your beneficiary nominations need to be lodged with the Trustee.

Please refer to your Trustee for beneficiary nomination options that may be available to you.

Details will be available on your super provider’s website, PDS, or trust deed.

**Appointing your authorised representative**

You may appoint an authorised representative to access information about the policy on your behalf with a written request, or by completing the Change of Policy Details Form available at [mlcinsurance.com.au/using-your-insurance/forms-and-documents](http://mlcinsurance.com.au/using-your-insurance/forms-and-documents). This person is not permitted to perform any other actions in respect of the policy. The appointment is valid until changed or cancelled in writing by you (in a form acceptable to us), or until the policy is cancelled. It is your responsibility to change your authorised representative if your circumstances change.

**Please note:** For Personal Protection Portfolio, nominations cannot be made by Trustees of a trust or selfmanaged super fund.
1. Choosing and buying your insurance

Payments to financial advisers

We have an agreement with your financial adviser to pay commission which is based on the premium paid.

This commission isn’t an additional cost to you. If you don’t have a financial adviser, your premium won’t be less.

The actual remuneration your financial adviser receives, including any commission, will depend on your financial arrangement with them and will be disclosed to you by them as required by law.

Third party payments

MLC may also pay third parties for the distribution, promotion or marketing of MLC’s insurance products.

These third parties may include licensees (with whom your financial adviser is a representative).

Any such payment made by MLC to a third party is not an additional cost to you.

If applicable, any additional payments will be disclosed to you in the relevant Financial Services Guide which the third party must provide to you.
2. Assessment and underwriting

Below is some important information about how we assess your application, and temporary insurance that we offer while we are assessing your application

How is your application assessed?

We’ll assess your application, taking into account your occupation, lifestyle, leisure activities and medical history, to decide whether (and on what terms and conditions) insurance can be offered to you.

In some cases you may not be eligible for the insurance you ask for, or we might offer you insurance at a higher premium, or with an exclusion (for example, if you take part in a hazardous sport or have an existing health problem), or offer other alternative terms.

We may telephone you to help assess and process your application.

Depending on the insurance you apply for, we may need additional financial and medical information.

We may also ask you to undergo a medical examination or test.

We’ll pay for any medical information asked for during the application process (including extraordinary travel costs agreed in advance and the production of any report), unless we tell you otherwise.

We may also need to write to your Doctor seeking additional information (authorised by you).

We are legally required to send all communications about your policy to the policy owner. However, if the policy owner is different to you, the life insured, we will not communicate personal medical information about you to them unless you give consent for this.

We’ll update your adviser with the progress of your application. If your application isn’t accepted we’ll let you know at the earliest possible time.

You must let MLC know if any information you give on your application changes before MLC has issued a policy (for instance, if you become ill or have an Accident). If you do not, the insurance policy may not be valid. This also applies to applications to extend, vary or reinstate the policy.

Interim Accident Insurance

While we assess your application, you’ll have a temporary insurance for each type of insurance you apply for, which will insure you for accidental events during this period. This insurance is called Interim Accident Insurance.

For all the important information about this insurance, including when it starts, what it does and does not insure, and when it will end, please see the Interim Accident Insurance Certificate on pages 98 and 99.
3. Your insurance policy

Below is some important information about when your insurance starts, and what happens if you change your mind after the insurance starts.

When your insurance starts
All the terms and conditions of your insurance are effective from the start date shown in your Policy Schedule.

What if you change your mind - the cooling off period?
If you give us a written request to cancel within the cooling off period, we’ll refund premiums that you’ve paid.

The cooling off period is 14 days from the earlier of:

- you receiving the first Policy Schedule;
- or
- the end of the 5th day after the day on which your first Policy Schedule was issued.

For insurance inside super, any refund will be paid to the Trustee.

However, if you make an alteration or claim on your insurance during these 14 days, this will confirm your acceptance of your insurance and we won’t refund any premiums paid.
4. Paying your premiums

Below is some important information about premiums and other charges.

What are premiums?
Your premium is the amount of money we charge for the insurance we provide.

Your premium for the types and amounts of insurance you initially apply for will be calculated by your financial adviser and confirmed by us.

If you don’t have a financial adviser, please call us on 132 652 and we can put you in touch with one.

How much is your premium?
Your premium will depend on your individual circumstances including, but not limited to your:

- choice and combination of insurances;
- age at the start of your insurance and chosen premium structure;
- gender;
- occupation – we or your financial adviser can provide you with more information;
- smoking status – premiums are generally higher for smokers than non-smokers;
- medical history – the state of your health and/or your family medical history;
- lifestyle and leisure activities – the greater the risk of the activities you undertake, the higher the premium;
- frequency of premium payments and applicable policy fee; and
- financial arrangement agreed with your financial adviser.

Your initial premium will be stated in your Policy Schedule.

Paying your first premium
If you pay your first premium before the policy is issued by direct debit, credit card or cheque, the payment will be held in a trust account until your application has been accepted or declined.

We will keep any interest earned on this money.

If your application is declined, we’ll refund any premium you may have paid to you or, if required by super law, to your super account.

Minimum premiums
The minimum premium for both your initial insurance and for subsequent changes, excluding policy fees, will be:

<table>
<thead>
<tr>
<th>Frequency of premium payments</th>
<th>Minimum premium (for new applications)</th>
<th>Minimum premium (for increases to existing insurance)</th>
<th>Minimum premium (for TPD and Critical Illness as a connected benefit only)</th>
</tr>

<td>$65</td>
</tr>
<tr>
<td>Yearly</td>
<td>$250</td>
<td>$125</td>
<td>$125</td>
</tr>
</tbody>
</table>

Choosing your premium structure
Once you’ve chosen the type of insurance you want you can choose which premium structure best suits you.

You can choose from:

- level premiums
- stepped premiums, or
- decreasing cover.

You can make different selections for different types of insurance. However, if you purchase Critical Illness or Total and Permanent Disability and Loss of Independence insurance as part of your Life Cover or as a Connected Benefit, the premium structure(s) chosen must be the same as for Life Cover. You can also choose to split your insurance between different premium structures for the one type of insurance.

What are level premiums?
Level premiums spread out the increasing likelihood of claim as you age by charging more than stepped premiums at the start of the insurance, but less than stepped premiums in the later years of the insurance.
4. Paying your premiums

Your sum insured remains the same and your premium will be based on your age at the start date of your insurance.

When you renew your insurance, your premiums will only vary if a change is made to our premium rates.

Any increase in sum insured, including inflation-linked increases (see pages 34 - 35), will increase the premiums and that increase will be calculated using the stepped or level rates applicable to you, based on your age at the date of the increase (for the increased component only).

At the Review Date following age 65, you have the option to continue your insurance (see page 50) on a stepped premium.

What are stepped premiums?

Stepped premiums change each year to reflect the increasing likelihood of claim as you age.

Your sum insured remains the same and your premiums will vary each year depending on your age and our premium rates at the time, subject always to any inflation-linked increases (see pages 34 - 35), variations and other increases to your sum insured.

What is decreasing cover?

This premium structure is similar to stepped premiums, however your premium remains the same, while your sum insured varies each year depending on your age and our premium rates at the time.

Decreasing cover is not available for TPD stand-alone, Income Protection or Business Expenses insurance.

Payment methods

A range of payment methods are available and all premiums are paid in advance. Your annualised premium will be higher if you choose to pay more frequently. Monthly is the most expensive, followed by half yearly and yearly payments are the least expensive (see table).

We can change the frequency loading percentages at any time and will notify you of any material changes. Any changes will apply at your next Review Date.

MLC Life Cover Super doesn’t accept contributions from:

- directed termination payments,
- superannuation lump sum rollovers,
- personal injury payments,
- small business sale proceeds, or
- transfers from overseas funds.

* Only available for MLC Life Cover Super. See page 88 for a list of Eligible MLC Accounts. Only one deduction may operate on any account.

Inflation Linked Option

If you select this option, each year, on your Review Date, we’ll automatically increase your sum insured to take inflation into account.

Your sum insured will increase in line with the Consumer Price Index (CPI) as follows:

- for Life Cover, TPD and Loss of Independence and Critical Illness, the minimum increase to the sum insured at any one Review Date will be the greater of the increase in CPI or 5%.
- for Income Protection and Business Expenses, the increase to the sum insured at any one Review Date will be the increase in CPI (provided you are not being paid a benefit under the policy).

Your premium will increase to reflect this change. We’ll let you know about the increase one month before your Review Date.
To accept the increase, simply pay the corresponding additional premium, which will vary with the increased sum insured and your age.

If you don’t want the CPI increase (in part or in full) for a particular year, please call us within two months of your Review Date.

The Inflation Linked Option isn’t available for Terminal Illness Support insurance or the decreasing cover premium structure.

Changes to your premium

Your premium may change each year at your Review Date.

We may change the way we calculate premiums at any time. Because of this, your premium may increase or decrease. However, we’ll:

• give you one month’s written notice before premiums change
• only apply any change to your premiums on the Review Date following any change, and
• not single you out for a change in premiums.

What happens if your premium isn’t paid?

If you haven’t paid your premiums in full by the date they’re due you’ll receive a reminder letter.

If you don’t pay your outstanding premiums in full by the due date in the letter:

• we’ll cancel your policy and your insurance will end, and
• any benefits payable up to the due date will be reduced by the amount of any outstanding premiums due to us.

You can apply to reinstate your policy within six months of your insurance being cancelled due to non-payment of premiums. However:

• as part of your Duty of Disclosure you must tell us, in writing, about any event that could influence our decision whether to reinstate the policy
• your policy won’t be reinstated until we’ve approved it (we’re under no obligation to approve the reinstatement), and
• payment of overdue amounts won’t automatically reinstate the policy.

If your insurance isn’t reinstated, we’ll refund to you or, if required by the super law, to your super account, any premiums sent by you or the trustee on your behalf after your insurance was cancelled.

If your premiums aren’t accepted, depending on your payment method, the premium will be returned to you or, if required by super law, to your super account, or to the Eligible MLC Account from which it was deducted.

Refunding your premium when you cancel your insurance

If you cancel your insurance and:

• you pay your premium monthly, your insurance will end on the next date we would have debited your premium if your insurance had not been cancelled, or
• you pay your premium half-yearly or yearly, your insurance will end when we receive your request to cancel your insurance. Any premium paid by you for a period after that date will be refunded to you or, if required by the super law, to your super account.

Premiums inside super – super contributions

When your insurance is held inside super, premiums you pay directly are considered to be super contributions.

While you can contribute as much as you like, you’ll pay additional tax if your contributions exceed certain limits. These limits may change from time to time.

Your contributions to pay for insurance premiums need to be added to any contributions you and your employer make for contribution cap limit purposes.

To find out the current limits and who can contribute, go to apra.gov.au or ato.gov.au

You can also speak with your financial adviser about these limits.
4. Paying your premiums

**Policy Fees**

The premium you pay includes a policy fee for administering your policy, which will increase every year in line with the Consumer Price Index (CPI) at the Review Date. The latest policy fee information is available on [mlcinsurance.com.au](http://mlcinsurance.com.au).

The policy fee at the preparation date of this PDS is:

<table>
<thead>
<tr>
<th>Frequency of premium payments</th>
<th>Policy fee</th>
<th>Annual equivalent</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monthly</td>
<td>$7.73</td>
<td>$92.76</td>
</tr>
<tr>
<td>Half-Yearly</td>
<td>$45.04</td>
<td>$90.08</td>
</tr>
<tr>
<td>Yearly</td>
<td>$86.59</td>
<td>$86.59</td>
</tr>
</tbody>
</table>

A policy fee applies to each policy you apply for.

The policy fee will be waived on the second policy as follows:

- where you purchase TPD and Loss of Independence and/or Critical Illness insurance as a connected benefit, and the Life Cover insurance is issued on a separate policy. The policy fee will be applied to the Life Cover insurance.

If the connected Life Cover insurance policy is cancelled and the connected policy remains active, the current policy fee applicable at the time will be reinstated.

MLC reserves the right to change policy fees. We’ll give you one month’s written notice if we do.

**Family law charges**

The Family Law Act helps super, life insurance and other investments to be divided between parties should there be a marriage or de facto breakdown.

We may be obliged to provide information to other parties and manage your policy in line with court orders. We reserve the right to charge the policy owner a fee if we have to comply with a Family Law injunction or order which alters the rights, liabilities or property interests of you and to recover any legal costs incurred by us in responding to matters arising from an order or injunction.

**Government charges**

We reserve the right to charge you an amount for any duty, tax, excise, impost, charge or deduction applied by the federal or state or territory governments as may apply to your policy and such amount will be calculated by reference to the relevant rate that applies at the time your annual premium is calculated.

There is no Goods and Services Tax (GST) charged on the premium.
5. Updating your insurance

Below is important information about how we might update your insurance over time, how you can update your insurance to suit your changing needs, and information you need to know about transferring and replacing your insurance.

### Guarantee of upgrade

Whenever we improve the terms of a type of insurance you’ve chosen, and those improvements don’t increase your premiums, we’ll upgrade the terms of your policy.

Each new improvement only applies from its effective date – i.e. the date when the new definition or feature starts. So the improvement only applies to claims, health conditions and events which start or take place after the effective date.

The improvements won’t apply to past or existing claims, or claims resulting from health conditions or events which started or took place before the effective date.

MLC will inform you of the effective date of any improvements to your policy. You may choose to have a claim assessed under the pre-improvement wording if you prefer.

### Changing your insurance

You can at any time make a request to change your insurance (using the appropriate form), including a change to a sum insured or to add or remove a type of insurance or option. Each change is subject to our approval so we’ll let you know if we’ve accepted or declined your request. Your premium may also change as a result of your requested change. Your financial adviser can provide the relevant forms and help you decide whether to alter your insurance.

### Renewing your insurance

As long as your premiums continue to be paid, we’ll generally renew your insurance each year, even if you make claims or your health worsens.

Your insurance will continue until the expiry is reached or a nominated event occurs that ends your insurance.

For some types of insurance, we will continue to renew the insurance after a claim.

For other types of insurance, after a set period of time you may be able to restore your sum insured back to the amount it was before the benefit was paid, without having to provide additional evidence of health, occupation or pursuits.

Further details on renewing insurance after a claim can be found in the Summary of the terms and conditions section of this PDS, which starts on page 46.

The following insurances are not guaranteed renewable and, after the first three years in force:

- we’ll renew Critical Illness Standard insurance only on terms and conditions that apply at the time of renewal, and
- we’ll renew Income Protection (if your occupation is Special Risk) insurance on a case-by-case basis.

### Insurance in super - continuing your policy past age 65

When you reach age 65, there are some age-based regulations around making contributions to super. This includes meeting a work test.

You need to make sure you meet this test before making a contribution. If you don’t meet the requirement, you must inform us within 14 days of making a contribution.

If you tell us you don’t meet the work test, you’ll be offered the opportunity to convert to a non-super policy.

### Eligibility to contribute to super (Work test)

To satisfy the work test you must be Gainfully Employed on at least a part-time basis, having worked for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made.

This requirement may change from time to time.
5. Updating your insurance

Transferring your insurance between non-super and super policies

You can transfer your insurance between MLC Personal Protection Portfolio and MLC Life Cover Super as long as the insurance is still in place.

Transferring insurance involves replacing it with insurance on another policy. For example,

- you can replace your Life Cover insurance in your PPP policy with Life Cover insurance under a new LCS policy, to obtain the benefits of holding your insurance inside super, or
- you can transfer your insurance in your LCS policy to a new PPP policy outside super if you become ineligible to make contributions to super (see ‘Converting MLC Life Cover Super policies’ on this page).

In determining eligibility for insurance, the new policy will be taken to have started on the later of:

- the date similar insurance began under the original insurance policy, or
- the date the original insurance policy was last reinstated.

The amount of sum insured under the new policy won’t be more than it was under the old policy at the date of conversion.

You’ll need to make a new beneficiary nomination for the new policy by completing the Beneficiary Nomination Form available on mlcinsurance.com.au/using-your-insurance/forms-and-documents or call 132 652 to request the form.

Certain restrictions apply to transfers involving insurance inside super policies and your financial adviser can help you with this.

We reserve the right to refuse a transfer application if you have made a claim or are entitled to make a claim. If we do refuse your transfer application for any reason your existing insurance will continue unless you choose to cancel or your insurance ends.

More information on transferring your MLC Life Cover Super policy to insurance outside super can be found in Converting MLC Life Cover Super policies on this page.

If you pay your premiums through deduction from your Eligible MLC Account, you’re aged between 65 and 74, and no longer meet the work test, you can keep your MLC Life Cover Super policy as long as you’ve sufficient funds in your account to pay for your insurance premiums.

How does the conversion work?

On conversion, we’ll cancel the MLC Life Cover Super policy held by the Trustee for you and issue you with a non-super policy with similar types of insurance and sums insured.

The policy terms and conditions will be determined at the date of conversion.

In determining eligibility for insurance, the new policy will be taken to have started on the later of:

- the date similar insurance began under the super insurance policy, or
- the date the super insurance policy was last reinstated.

The sum insured under the new policy won’t be more than it was under the old policy at the date of conversion.

Premiums under the new policy will be calculated in line with MLC’s base premium rates at the time; taking into account the type of insurance, the sum insured, your age and acceptance of the terms of the policy.

Any beneficiary nomination made for one life insurance product doesn’t apply to another product when a conversion applies.

If you pay your premiums via direct debit, credit card, cheque or Bpay®, we have to convert the policy to a non-super policy if you become ineligible to contribute to super.

Any beneficiary nomination made for one product doesn’t apply to another product when the transfer applies.

Converting MLC Life Cover Super policies

What is conversion?

This means your insurance inside super ends and a new policy will be issued outside super.

When does conversion happen?

You can convert your MLC Life Cover Super policy to a non-super policy at any time before you turn 75 (ie the date your MLC Life Cover Super ends).

If you pay your premiums via direct debit, credit card, cheque or Bpay®, we have to convert the policy to a non-super policy if you become ineligible to contribute to super.
Replacing your existing insurance

If you're replacing part or all of any insurance, you should compare the differences between the existing and replacement policies.

This way you can make sure your replacement insurance is suitable for you.

You must cancel part or all of your existing insurance that is being replaced, within 14 days after your replacement insurance with us starts. If you don't, any amount payable under your replacement insurance will be reduced by any similar amount that you, your estate or nominated beneficiary, would be entitled to receive under the insurance that was to be replaced.

Before you take steps to cancel and replace an existing life insurance policy, you should talk to your financial adviser or call us on 132 652.

A new policy may require you to reserve Waiting Periods, additional health exclusions may apply, and the new policy may not provide you the same insurance.

Importantly, do not cancel your existing policy before your replacement insurance is in place.

Cancelling your insurance

You can cancel your insurance at any time. If you want to cancel your insurance, please call us on 132 652.
6. Making a claim

If you need to make a claim, please call us on 1300 125 246 between 8am to 6pm (AEST), Monday to Friday, to find out what you need to do and to request the relevant forms.

How to claim

When you need to make a claim, please let us know as soon as possible, preferably within 30 days of the event entitling you to make the claim, so we can start working on it.

Any delay in notifying us may make it difficult for us to assess your claim and this could impact your Benefit.

You or your representative can call us and we’ll tell you what you need to do and send you the necessary forms.

The sum insured for each type of insurance is shown in your Schedule.

Different types of insurance may have special claim requirements and we may ask for further proof or information to help in assessing your claim.

Any proof or information you are asked to provide is at your cost. However, if we need a financial audit or medical examination by a person we appoint, we’ll pay for it.

If we don’t accept your claim, we’ll let you know our reasons.

Specific notification period for HIV Contracted Through Medical Procedures and HIV Contracted Through the Life Insured’s Work

You need to notify us within 14 days of HIV being contracted.

This doesn’t apply if you or the Trustee weren’t legally capable of providing information about the claim during that time.
7. Paying benefits

**Benefit payments for all insurance**

**What benefits are paid**
The benefit we pay will be either:

- The sum insured, or
- A proportion of the sum insured, or
- Another specified amount

as determined by the terms and conditions of your insurance.

In the case of Income Protection and Business Expenses insurance we’ll review your benefit amount regularly in line with the terms and conditions of your insurance.

The terms and conditions of the insurance must be met for benefits to be payable.

**Who do we pay**
The benefits will be paid to:

- You, or
- the policy owner if they are someone else (including the Trustee for insurance in super), or
- each nominated beneficiary (according to their share of the benefit), or
- your personal legal representative (Your estate) if there is no Nominated Beneficiary.

**Benefits inside super – and the conditions of release**

For insurance inside super, the Trustee receives any benefits payable under the policy if you make a claim.

Your Trustee will release those benefits to you if permitted under super law, which set out certain conditions of release that you have to meet.

If you don’t meet a condition of release for any reason, the Trustee can’t release the benefit to you.

If this happens the Trustee will hold the benefit in the Fund as a preserved benefit, until you satisfy a condition of release.

Since 30 June 2014, the Trustee has been required to ensure that insurance available through its fund are consistent with the conditions of release.

**Conditions of release**
The table below describes which insurance benefits inside super are consistent with the conditions of release.

The Trustee may not be able to pass benefits to you, or may reduce benefits if you receive any income provided or arranged by an employer, partnership or business, including fully paid leave such as sick leave, or if Government regulations otherwise limit the benefit that can be paid. A benefit can’t be paid for longer than the period of Temporary Incapacity.</td>

| Terminal Illness                | **Terminal Medical Conditions** – a terminal medical condition exists in relation to you at a particular time if the following circumstances exist:  
  - two Doctors (at least one of them a Specialist in the area of the related sickness or injury) have certified, jointly or separately, that you are suffering from an illness, or have incurred an injury, that is likely to result in death within a period (the certification period) that ends not more than 24 months after the date of certification; and  
  - for each of the certificates, the certification period has not ended. |

Irrespective of the conditions of release described above, the applicable insurance definition must be met for an insurance benefit to be payable.

**Taxation**

This section gives a brief summary of the way insurance is treated for tax purposes as at the preparation date of this PDS.

This isn’t a comprehensive and complete guide, it is general information only.

MLC is not a registered tax (financial) adviser or a registered tax agent.

If you intend to rely on any advice to satisfy liabilities, obligations or claim entitlements that arise, or could arise under taxation law, you should seek advice from a registered tax agent or registered tax (financial) adviser.

Where required by law, the Trustee will deduct any tax, duty or government fees and forward the money to the relevant authority.

The government may change how super is taxed. To find out more go to ato.gov.au

- it isn’t an offence to decline to notify MLC and the Trustee of your TFN,
- without your TFN, MLC and the Trustee may have difficulty (now or in the future) tracing your benefits in order to undertake any account consolidation or payment,
- MLC and the Trustee are allowed to use your TFN only for lawful purposes (which may change in the future as a result of legislative changes), including if paying out monies, and if identifying and amalgamating super benefits for surcharge purposes, and
- your TFN will be disclosed to the ATO and will also be passed to other super providers if your benefits are transferred, unless you inform MLC and the Trustee in writing not to pass on your TFN.

Summary of the terms and conditions
Summary of the terms and conditions for lump sum insurances

In this section you will find a summary of:
1. General terms,
2. Terms for specific insurance, benefits, features and options,
3. General exclusions, and
4. General termination events.

The full terms and conditions that apply to your insurance are in the policy document, which we will send to you when we accept your application.

1. General terms

Structuring your insurance (stand-alone, Extensions and Connections)

You can structure your insurance as:
- stand-alone
- an Extension to Life Cover insurance:
  - on the same policy, or
  - as a connected benefit on a separate policy.

Your financial adviser can help you work out which structure is most appropriate for you.

What is stand-alone insurance?

This is insurance that can be purchased on its own and is independent of all other insurances you purchase. If a claim is paid on one of your insurances, your other insurances won’t be reduced.

The insurances you can purchase as stand-alone are listed below.

Outside and inside super:
- Life Cover, and
- Income Protection.

Outside super only:
- Total and Permanent Disability (TPD) and Loss of Independence
- Critical Illness, and
- Business Expenses.

What is Extension insurance?

Extension insurance allows one insurance type to be attached to another insurance type.

You’ll pay less for this structure than stand-alone insurance because a claim payment will reduce the insurance to which it’s attached.

The insurances you can purchase as Extensions are:
- Total and Permanent Disability (TPD) and Loss of Independence, and
- Critical Illness.

The combined amount of any insurances you choose as Extensions can’t exceed the insurance benefit to which they’re attached.

You can also choose to connect your Extension insurances both inside and outside super to maximise the cost-effectiveness of your insurance.

This can be on different policies and with different policy owners. This is known as ‘connected benefits’.

Your financial adviser can help you work out which structure is most appropriate for you.
2. Summary of terms for:

- Life Cover,
- TPD and Loss of Independence, and
- Critical Illness insurances.

The full terms and conditions that apply to your insurance are in the policy document, which we will send to you when we accept your application.

**Accidental Injury Benefit**  
(Feature of Life Cover Plus insurance)

If due to an Accident you lose:

- the use of both hands or both feet, or
- the sight in both eyes, or
- the use of one hand and one foot, or
- the use of one hand or one foot and the sight in one eye

you’ll receive 100% of your Life Cover insurance benefit, up to $2,000,000.

Or, if due to an Accident you lose:

- the use of one hand or one foot, or
- the sight in one eye

you’ll receive 25% of your Life Cover insurance benefit, up to $500,000.

**Conditions that apply to the Accidental Injury Benefit**

- Any loss must be complete and permanent, be as a direct result of the Accident and occur within six months of the Accident.
- The maximum amount stated is the most you’ll be paid, no matter how many MLC insurance policies (inside or outside super) you hold that covers for an Accidental Injury Benefit.
- If you hold more than one MLC policy that covers for an Accidental Injury Benefit and the total of all those MLC policies is greater than the maximum amount, each policy will proportionally contribute to the maximum amount.
- If you also hold stand-alone Total and Permanent Disability insurance or stand-alone Critical Illness insurance with us, the maximum benefit payable under this Accidental Injury Benefit will be reduced by the total of any benefit paid under those insurances for an event that is also covered under the Accidental Injury Benefit.
- For insurance inside super that first commenced after 30 June 2014, you must also be Permanently Incapacitated as a result of the Accident, as defined on page 90, to be eligible for an Accidental Injury Benefit.

When won’t a benefit be paid?

If you’ve already lost the use of one hand, foot or sight in one eye before your insurance started, or was last reinstated, we will either not pay a benefit or may pay a benefit of 25% of the Life Cover benefit up to $500,000.

We will not pay the Accidental Injury Benefit where the loss or loss of use, as the case may be, arises from or is contributed to by war or warlike operations.

**How does a claim affect your insurance?**

Your Life Cover insurance will be reduced by the amount of your Accidental Injury Benefit paid. If you also have Terminal Illness Support insurance, this insurance will also be reduced to the lesser of:

- $250,000, and
- 50% of the reduced Life Cover insurance.

We’ll reduce the premiums payable in line with the reduced insurance for both your Life Cover and Terminal Illness Support Option.

If you receive the Accidental Injury Benefit, and you have any of the following insurances:

- TPD and Loss of Independence insurance held as an Extension to Life Cover insurance
- Critical Illness insurance held as an Extension to Life Cover insurance

we will reduce your TPD and Critical Illness insurance benefits by the amount of the Accidental Injury Benefit paid.

We’ll reduce the premiums payable in line with the reduced insurance for your Life Cover insurance.

**Advance Death Benefit**  
(outside super only) (Feature of Life Cover Standard and Plus insurance)

If your Life Cover insurance is $20,000 or more and you die, we’ll pay an initial once-off Advance Death Benefit payment of $20,000. This will be paid to the remaining policy owner(s) or to your nominated beneficiaries, in the same proportions as requested for paying your Death Benefit.
We’ll need a certified copy of your birth and death certificates, or an extract of death registration or other evidence of death satisfactory to us, along with a written request before we pay this advance.

If the Advance Death Benefit is paid, the final Life Cover benefit amount paid to the remaining policy owner(s) and/or beneficiaries will be reduced by $20,000.

Payment of the Advance Death Benefit is not an admission of liability by us to pay the Life Cover insurance benefit, and may be recovered by us if the Life Cover insurance claim isn’t accepted.

**Business Safeguard Option**  
(Available with Life Cover Standard and Plus and TPD insurances)

This option isn’t available for decreasing cover in Life Cover.

If the insurance is used for one of the following nominated business purposes:

- an ownership (buy/sell) agreement where your share of the business is purchased by any remaining partners when certain events occur (for example, your death or total and permanent disability)
- asset protection (loan guarantee) insurance where you are personally responsible for a business loan (eg. you enter a personal guarantee), or
- Revenue Protection (Key Person) insurance (outside super only)

you can apply to increase your Life Cover and TPD insurance (if applicable) without further medical evidence, when a business event happens. A business event is when the value of your financial interest in the business, loan guarantee, or the value of the Key Person to your business increases.

You must apply for the increase within 30 days of the first Review Date following the relevant business event. Your premiums will rise in line with the increased insurance.

You must provide proof of the business event to our satisfaction. Proof required may include, but is not limited to, company minutes, ownership (buy sell) agreements, audited company accounts and tax returns, or such other documents or evidence as we may require.

You can apply for this option between ages next birthday:

- 19 to 60 for stepped and level premium Life Cover
- 19 to 60 for stepped premium TPD, and
- 19 to 55 for level premium TPD.

You can apply to increase your insurance under this option until the Review Date after you turn 65.

**Maximum benefit increase**

You can apply to increase your Life Cover, and/or TPD benefit under this option up to a maximum amount of the lesser of:

- The increase in the value (as applicable) of:
  - your financial interest in the business, or
  - loan guarantee, or
  - the Key Person to your business, and
- For Life Cover:
  - three times your original insurance amount, or
  - $15,000,000, and
- For TPD:
  - three times your original insurance amount, or
  - $5,000,000 for professional occupations such as accountants, solicitors and surgeons, or
  - $3,000,000 for other occupations.

These limits include the total of all relevant benefits from all life insurance companies covering you for any nominated business purpose or any other business protection purpose.

**Conditions that apply to the Business Safeguard Option**

- Any insurance increase must be approved by us.
- For TPD insurance, as an Extension to Life Cover insurance (see page 14) – this option is only available where you’ve selected it with your Life Cover insurance.
- For TPD insurance as an Extension to your Life Cover insurance or as a connected benefit the TPD insurance can’t be more than your Life Cover insurance (see page 46).
- The total increase to your Life Cover and TPD insurance for all policies from all sources under the Business Safeguard Option can’t exceed the value (as applicable) of:
  - your financial interest in the business
  - the loan guarantee, or
  - the Key Person to the business (outside super only).
- If your original Life Cover or TPD insurances were less than 100% of the applicable value at the time, you can subsequently only increase the...
insurance to the equivalent percentage of value when you apply for an increase.

- During the first six months, after an increase for a loan guarantee, the increase amount protects you only for death and TPD (if applicable) caused by an Accident.

- If the Business Safeguard Option isn’t exercised within any three consecutive Review Dates (policy years), no further application for increases can be made unless you can demonstrate to our satisfaction that you were not eligible to apply for an increase under this option because the value of your financial interest in the business, loan guarantee, or the value of the Key Person to your business had not increased during that time.

- You can’t apply to increase your insurance (as applicable) under this option when a claim is made or is entitled to be made.

**When won’t a benefit be paid?**

We will not pay the Life Cover benefit if you commit suicide (whether sane or insane) within 13 months of the date the insurance started or was last reinstated.

We will not pay the Total and Permanent Disability benefit for any disability, condition or loss suffered by you arising from or contributed to by:

- intentional self-inflicted injury or attempted suicide, or
- sickness or injury that first appeared, happened or was diagnosed before your Total and Permanent Disability insurance started or was last reinstated (unless disclosed to, and accepted by, us as a part of the application or reinstatement process).

**Changes to Critical Illness insurance definitions**

**Critical Illness Plus**

If you choose Critical Illness Plus, the critical illness definitions will only change where we improve them in your favour.

**Critical Illness Standard**

As advances are made in treatment and diagnostic techniques, we may need to change the types of, and definitions used in, Critical Illness Standard insurance for both new and existing policies to make sure they remain appropriate, take into account effective cures, vaccines and modern diagnostic procedures as well as include and exclude diseases where appropriate.

We don’t guarantee to renew your insurance. Following the first three years of your Critical Illness insurance, we may continue your insurance with the same or different critical conditions and definitions.

Where a change is made, it will apply to all Critical Illness Standard policies, we won’t single you out for a change.

We’ll notify you of any change to your Critical Illness insurance terms or definitions on renewal.

You can accept the new conditions by continuing to pay your premiums and, therefore, entering into a new policy contract. You won’t need to complete an application for the new policy and we’ll continue to rely on the information you provided to us for your existing MLC policy.

You may refuse these changes by contacting us to cancel your insurance or not making further premium payments and your policy will lapse.

**Child Support Benefit (outside super only) (Feature of Critical Illness Plus insurance)**

If a Child dies, or the first time a Child suffers a Child Support Benefit Condition:

- while this insurance is in force, and
- after the Review Date following the Child’s second birthday.

you’ll receive the Child Support Benefit.

**What we will pay**

The Child Support Benefit payable for each Child is $10,000. Payment of this benefit will not reduce the Critical Illness Plus insurance benefit to which it is connected.

**What conditions are covered?**

The Child Support Benefit Conditions covered are:

- Aplastic Anaemia Repair - excluding less invasive surgeries

- Benign Brain Tumour - with specific requirements

- the Child's intentional self-inflicted injury or attempted suicide

- sickness or injury that first appeared, happened or was diagnosed before the Review Date following the Child's second birthday

Continuation Option (for level premium after age 65 only)

Level premium Life Cover, TPD and Loss of Independence, and Critical Illness insurances end on the review date after you turn 65. If the policy is claim free, the Continuation Option lets you continue with the nearest equivalent MLC insurance available at the time, up to the same insurance amount, on a stepped premium. New terms and conditions may apply. For TPD and Loss of Independence, continued cover is for Loss of Independence only.

You must apply for continuation within 30 days of the Termination Date of your existing insurance.

For TPD and Loss of Independence and for Critical Illness you must exercise your Life Cover Continuation Option at the same time.

Critical Illness Buy Back Option (Available with Critical Illness Plus insurance)

What is the benefit?

This optionally included feature allows you to restore your Critical Illness insurance (Restored Critical Illness insurance) by the same amount as the Critical Illness benefit paid, without you having to provide additional evidence of health, occupation or pursuits.

What is the cost of restoring cover?

Your premium for the Restored Critical Illness insurance will be based on our premium rates at the time it is restored, taking into account the benefit amount, your age, the premium and acceptance terms of the Critical Illness insurance.

  - you have the option to buy back your Life Cover insurance after a claim,
  - you must buy back the Life Cover benefit at the same time you buy back your Critical Illness insurance, or
  - you do not have the option to buy back your Life Cover insurance after a claim, your new Critical Illness insurance will be issued as a stand-alone Critical Illness insurance policy.
- Where a Critical Illness benefit, excluding a benefit paid due to an Extra Benefits Option – Partial Benefits condition, has been paid, the new Critical Illness benefit will not provide cover and therefore a claim will not be payable, for a critical condition:
  - which is related to, arises from or is contributed to by (directly or indirectly, or wholly or partly) any critical condition (or Extra Benefits Option - Partial Benefits condition) for which a benefit, including a partial benefit, has been paid.
- Where a benefit has been paid for an Extra Benefits Option – Partial Benefits condition, the new Critical Illness benefit will not provide cover and therefore a claim will not be payable for:
  - any Extra Benefits Option – Partial Benefits condition for which a benefit has been paid, or
  - any Extra Benefits Option – Partial Benefits condition which is related to, arises from or is contributed to by (directly or indirectly, or wholly or partly) any Extra Benefits Option – Partial Benefits condition for which a benefit has been paid.
- TPD, Increases without further medical evidence and the Financial Planning Benefit (unless the Financial Planning Benefit has not previously been paid) are not available for the new Critical Illness insurance.
- The policy owner and life insured will remain unchanged under the Restored Critical Illness insurance.
- You must ask us to restore your Critical Illness insurance before the Review Date after you turn 75.

**Critical Illness insurance - How does a claim affect your insurance?**

**If you have Critical Illness insurance as part of your Life Cover or as a Connected Benefit:**

- your Life Cover insurance will be reduced by the claim amount paid for Critical Illness and, if applicable, your Terminal Illness Support insurance will also be reduced to the lesser of $250,000 or 50% of the reduced Life Cover insurance
- your Critical Illness insurance will be reduced by the claim amount paid for your Life Cover benefit for Terminal Illness or Accidental Injury.

MLC will reduce your future premiums in line with the reduced insurance.

**If you have stand-alone Critical Illness insurance:**

- your Life Cover and Terminal Illness Support insurance will not be reduced by the claim amount paid for Critical Illness
- your Critical Illness will not be reduced by any claim paid under Life Cover insurance for Terminal Illness or Accidental Injury.

**How does a claim under the Extra Benefits Option affect your insurance?**

If you are covered for additional critical conditions under the Extra Benefits Option with Critical Illness, as part of your Life Cover or as a Connected Benefit, MLC will reduce your Critical Illness benefit and your Life Cover insurance by the amount of any Critical Illness benefit MLC pays you under the option.

Your Terminal Illness Support insurance (if applicable) will also be reduced to the lesser of 50% of the reduced Life Cover insurance or $250,000.

MLC will reduce your future premiums in line with the reduced insurance.
Summary of the terms and conditions for lump sum insurances

If you take this option with stand-alone Critical Illness insurance, any Life Cover you have will not be affected.

**Death Benefit (Feature of Critical Illness stand-alone insurance)**

If the Critical Illness stand-alone benefit isn’t payable, because you die within 14 days of suffering a critical condition, we’ll pay a lump sum benefit of $5,000.

This benefit is in addition to any other amount payable under the policy.

We will not pay this benefit if you (sane or insane) commit suicide within 13 months after this insurance started, or was last reinstated.

**Death Benefit (Feature of TPD stand-alone insurance)**

If the TPD stand-alone benefit isn’t payable because you die within 14 days of becoming TPD, we’ll pay a lump sum death benefit of $5,000.

This benefit is in addition to any other amount payable under the policy.

We will not pay this benefit if you (sane or insane) commit suicide within 13 months after this insurance started, or was last reinstated.

**Financial Planning Benefit (outside super only) (Feature of Life Cover Standard and Plus, Terminal Illness Support, TPD, Critical Illness Standard and Plus insurances)**

We’ll reimburse part of the costs charged by a qualified financial adviser for a financial plan if we pay a lump sum benefit of $100,000 or more. The maximum amount of this benefit is $5,000. If there’s more than one beneficiary of the insurance benefit, we’ll divide the Financial Planning Benefit equally between those who each receive an insurance benefit of at least $100,000.

The reimbursement:
- must be claimed within 6 months of the date on which we pay the lump sum benefit, and
- will apply only once for all MLC policies covering you.

We reserve the right to increase the minimum lump sum benefit amount of $100,000. We will let you know when this happens.

Our premiums will rise in line with the increased insurance.

**Increases without further Medical Evidence (Feature of Life Cover Plus, TPD and Critical Illness Plus insurances)**

Until the Review Date after you turn 55, you can apply to increase your Life Cover, TPD and Critical Illness insurances without further medical evidence if a specified personal or business event happens (see below).

The increase must be applied for:
- between the day the relevant personal event happens and 30 days after the first Review Date following the event, or
- within 30 days of the first Review Date following the relevant business event.

You will need to provide evidence satisfactory to us that supports the increase requested, proof of the personal or business event and request the increase in writing.

Unless we otherwise agree, you can only apply for the increase as a result of a personal or a business event if:
- you were accepted for this insurance without any additional loadings due to your health, occupation or pastimes, and
- this insurance is not the result of applying the Life Cover Buy Back Option under Total and Permanent Disability insurance or Critical Illness insurance, and
- you have not made, or are not entitled to make, a claim under this insurance.

Your premiums will rise in line with the increased insurance.

**Personal event**

You can apply to increase your Life Cover, TPD and Critical Illness insurances by up to 25% of your original insurance amount. The maximum increase is $200,000 for any one of the following events:
- you or your Spouse adopt or give birth to a child
- you get married or divorced
- you complete an undergraduate degree at a Government-recognised university
- you receive an increase in your Earnings of at least 10% in the previous 12 months, or
- you have a Child who starts secondary school.
If you take out, or increase, a Mortgage to purchase or improve your home, the maximum increase we’ll allow is the lesser of:

- 50% of your original insurance amount
- the value of your new Mortgage
- the value of the latest increase to your existing Mortgage, and
- $200,000.

**Business event**

You can apply to increase your Life Cover, TPD and Critical Illness insurances if the insurance is issued for one of the following purposes:

- a written ownership (buy/sell), share purchase or business continuation agreement under which you are a partner, shareholder or unit holder in the business
- asset protection (loan guarantee) insurance, or
- Revenue Protection (Key Person) insurance if you’re considered as such in the business (outside super only).

The increase will be in proportion to the increase in value since the last Review Date of your financial interest in the business or of the Key Person to your business (as agreed with us).

The maximum increase we’ll allow is the lesser of:

- 25% of your original insurance amount, and
- for a written ownership (buy/sell), share purchase or business continuation agreement under which you are a partner, shareholder or unit holder in the business, the increase, averaged over the preceding three years, in the net value of your financial interest in the business, and
- for asset protection (loan guarantee) insurance, the increase in that part of the business loan you are responsible for, which is averaged over the preceding three years, and
- for Revenue Protection (Key Person) insurance, five times the increase in your value to the business, averaged over the preceding three years, and
- $200,000.

**What conditions apply to increases without further medical evidence?**

**Number and frequency of increases**

Until the Review Date, after you turn 55, you can apply for increases as many times as the listed events occur while you have the policy. However, you may only apply for one increase each year.

**Limitations**

The maximum amount you can increase your insurance by is the lesser of your original insurance amount of each insurance (Life Cover, TPD and Loss of Independence or Critical Illness) or $2,000,000.

If you have more than one insurance policy with us, the maximum amount applies to the combination of all our insurance policies protecting you.

Each policy with the feature of increases without further medical evidence will proportionally contribute to any increase.

The maximum cumulative amount of all increases for Life Cover, TPD and Critical Illness insurances (as applicable) as at the commencement date of each policy for all policies protecting you is the lesser of:

- the total of your Life Cover or TPD or Critical Illness insurances (as applicable), and
- $2,000,000.

If you have TPD and/or Critical Illness insurance as part of your Life Cover, or as a connected benefit (see page 46), our maximum benefit limits for them still apply, and they can’t collectively exceed your Life Cover insurance.

During the first six months after certain increases, the increased amounts cover you only for the following specified events caused by an Accident:

- **Life Cover**: for marriage, divorce or Mortgage, the increase covers only death.
- **Critical Illness**: for marriage, divorce or Mortgage, the increase covers only death and critical conditions.
- **TPD and Loss of Independence**: whatever the reason for the increase, the increase covers only TPD. The increased insurance also doesn’t cover you for any TPD claim caused by sickness or injury that first happened within six months before the increase date.

Your premiums will rise in line with the increase in benefits.

**Life Cover Benefit**

If you die while Life Cover insurance is in force, we will pay the Life Cover Benefit. It is paid to:

- to each Nominated Beneficiary (according to their share of the benefit), or
Summary of the terms and conditions for lump sum insurances

- your personal legal representative (your estate) if there is no Nominated Beneficiary, or
- the policy owner if they are someone else.

Life Cover Buy Back Option
(Available with Critical Illness Extension insurance)

What is the benefit?
This optionally included feature allows you to restore your Life Cover insurance (Restored Life Cover) by the same amount as the Critical Illness benefit paid, without you having to provide additional evidence of health, occupation or pursuits.

What is the cost of restoring cover?
Your premium for the Restored Life Cover will be based on our premium rates at the time the Life Cover is restored, taking into account the benefit amount, your age, the premium and acceptance terms of the Life Cover (including all loadings, exclusions and special terms).

When is cover restored?
You can include this option when you originally take out insurance. If you then receive a Critical Illness Benefit which reduces your Life Cover, you can apply to restore your Life Cover to the amount you had before your claim.

You have up to 30 days after the later of the above dates to ask for your Life Cover to be restored.

If the Critical Illness benefit payment was due to TPD as a critical condition, we’ll automatically restore your Life Cover insurance if you live for 14 days after the event causing your Total and Permanent Disability.

Your Restored Life Cover will apply to death, Terminal Illness (unless previously paid) and Accidental Injury (Life Cover Plus only).

What are the conditions (including exclusions)?
- The Accidental Injury benefit under the Restored Life Cover will not be paid for any loss arising from or contributed to by sickness or injury for which a benefit has been paid under the original Critical Illness insurance.
- If a Terminal Illness Support benefit or Financial Planning benefit has previously been paid it will not be available under the Restored Life Cover.
- The policy owner and life insured will remain unchanged under the Restored Life Cover.
- You cannot exercise this 12-month Life Cover Buy Back Option if a benefit for Terminal Illness has been paid previously.
- You must ask us to restore your Life Cover before the Review Date after you turn:
  - 75 for Critical Illness not due to TPD as a critical condition
  - 65 for Critical Illness due to TPD as a critical condition.

Partial Payment Benefit (outside super only) (Feature of TPD and Loss of Independence insurance)

• the sight in one eye, or
• one foot or one hand
you’ll receive the Partial Payment Benefit.

What we will pay
The Partial Payment Benefit payable will be the lesser of:
• 25% of the Total and Permanent Disability Benefit, and
• $500,000.

This benefit is not payable if it is less than $10,000.

Definitions for the Partial Payment Benefit
• **Loss of one foot or one hand.** The total and irrecoverable loss, or loss of the use, of the following:
  – one foot, or
  – one hand.
• **Loss of sight in one eye.** The permanent loss of sight in one eye, whether aided or unaided, due to sickness or injury to the extent that visual acuity is 6/60 or less.

Premium Waiver - When will we waive your premium?
You can apply for Premium Waiver insurance with Life Cover, TPD and Loss of Independence and Critical Illness insurance.

Please note, Income Protection has its own Premium Waiver feature (see page 69). This waiver benefit does not cover Retrenchment.

However, if you purchase Premium Waiver insurance with Life Cover, TPD and Critical Illness, and you also have Income Protection and/or Business Expenses insurance as part of the policy, then the Retrenchment provision of Premium Waiver insurance will apply to all benefits.

Only one life insured can be nominated for Premium Waiver per policy. If that person becomes eligible to have their premiums waived under this insurance, premiums will be waived for all benefits on all lives insured under the policy while the nominated person remains eligible to have premiums waived.

We’ll waive your premiums for the insurances listed above if you’re:
• suffering Total and Permanent Disability under the Any Occupation definition for at least 3 continuous months. Premiums will be waived for the period of disability up to age 65, or
• retrenched. If you’re retrenched we’ll waive your premiums for 12 months, as long as you’ve had this insurance and been with the same employer, on a full-time basis, for at least a year. We’ll waive your premiums due to retrenchment only once in any five-year period. We will also waive any Income Protection insurance premiums on your policy, or
• suffering Total Disability and you have Income Protection on your policy. If you purchase Premium Waiver insurance on a policy where Income Protection insurance also applies, we’ll waive the premiums for your other insurances on the policy if you remain Totally Disabled for more than six months and you’re receiving Income Protection benefits. Premiums will be waived after these six months while you are disabled up to age 65.

Terminal Illness Benefit
If you are diagnosed as having a Terminal Illness while this Life Cover insurance is in force, we will pay the Terminal Illness Benefit.

You do not have to return to MLC the Terminal Illness Benefit paid if you survive the 12 month period.

This Terminal Illness Support benefit is in addition to any Life Cover benefit paid due to Terminal Illness.

Total and Permanent Disability and Loss of Independence insurance - How much can you apply for?
You can apply for between $25,000 and:
- $5,000,000 for certain professional occupations such as surgeons, accountants and solicitors, or
- $3,000,000 for other occupations.

Once you reach the Review Date following your 65th birthday:
- the definition of Total and Permanent Disability changes to a Loss of Independence definition, and
- if your benefit is over $3,000,000 at that date, your maximum benefits will be reduced to $3,000,000.

From the Review Date after your 75th birthday, your premium will be set so that it stays the same and your benefit will be reduced each year depending on the age of the life insured and MLC’s premium rates at the time for this type of insurance.

Your financial adviser can help you work out which occupation group applies to you.

Total and Permanent Disability and Loss of Independence insurance - How does a claim affect your insurance?

- your Life Cover and Terminal Illness Support insurance will not be reduced by the claim amount paid for TPD or Loss of Independence

Summary of the terms and conditions for Income Protection and Business Expenses

In this section you will find a summary of:

1. General terms,
2. Terms for Extra Benefits Option
3. Terms for specific insurance, benefits, features and options,
4. General exclusions, and
5. General termination events.

The full terms and conditions that apply to your insurance are in the policy document, which we will send to you when we accept your application.

1. General terms

How much insurance can you apply for?

A monthly benefit up to $30,000 is available for all occupations. A monthly benefit up to $60,000 is available for some professional occupations such as surgeons, accountants and solicitors.

The maximum monthly benefit you can apply for is based on your Earnings as follows:

<table>
<thead>
<tr>
<th>Maximum monthly benefit limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Earnings (per annum)</td>
</tr>
<tr>
<td>First $320,000</td>
</tr>
<tr>
<td>From $320,001 to $560,000</td>
</tr>
<tr>
<td>From $560,001 to $2,360,000*</td>
</tr>
<tr>
<td>Over $2,360,000</td>
</tr>
</tbody>
</table>

*benefits over $30,000 can only be applied for by certain professional occupations such as surgeons, accountants and solicitors. Your financial adviser can help you work out whether your occupation is eligible.

This maximum applies to the combination of all your income protection insurance policies from all sources.

Conditions for monthly benefits over $30,000

Insurance above $30,000 monthly benefit is only available if your insurance below that amount is with us.

The Waiting Periods available are 1, 3 or 12 months and the maximum benefit period is two years.

Farmers Package (PPP only)

The maximum monthly benefit you can apply for is either:

- up to $5,000 per month for a two year maximum benefit period

or

- up to $5,000 per month or up to 30% of gross farm turnover, whichever is less, for a five year maximum benefit period.

Style of benefit

Subject to the terms and conditions of your insurance and provided your application is accurate, complete and acceptable to us when you apply, you can choose from two styles of benefits to address what happens if your Earnings decrease after your insurance is issued:

- Agreed Value cover, or
- Indemnity cover.

Agreed Value cover

Your monthly benefit won’t be reduced because of a change in your Earnings.

Indemnity cover

Your monthly benefit may be reduced when you claim so that it does not exceed more than 75% of your Earnings before disability. Choosing this style of benefit may help lower your premiums.
The benefit payable will be the lesser of the benefit shown on your Schedule and the maximum insurable amount as calculated in the 'Maximum monthly benefit' table under 'How much insurance can you apply for?' on page 60.

**Indemnity Option** (for Plus, except under the Farmers Package)

To lower the cost of Income Protection Plus you can select the Indemnity Option instead of an Agreed Value Benefit. As for Standard cover (Indemnity Benefit), if your Earnings decrease after taking out Income Protection Plus insurance, MLC will reduce the monthly benefit when you claim so that we pay no more than 75% of your Earnings before disability.

**How does partial disability or rehabilitation work?**

If, when your disability begins, you're Gainfully Employed or have been Gainfully Employed during the previous 12 months, and you return to work in a reduced capacity, or you begin a vocational rehabilitation program approved by government or MLC, you may be eligible for Partial Disability or Rehabilitation benefits.

To receive Partial Disability or Rehabilitation benefits, you must have been Totally Disabled for at least 14 days immediately before you became Partially Disabled or began Rehabilitation. If this happens during the Waiting Period, benefits will start to accrue the day after the Waiting Period ends. The first payment will be due one month later. Payments will be made monthly while your entitlement continues.

Your Partial Disability or Rehabilitation benefit will be calculated as follows:

- **For all occupations other than Farmers under the Farmers Package:** in proportion to your reduction in Earnings.
- **For Farmers insured under the Farmers Package:** The Partial Disability or Rehabilitation benefit is calculated as 50% of your monthly benefit for up to two years of partial disability or rehabilitation.

Then, beyond two years, if you have a five-year benefit period, 50% of your monthly benefit or a part of the monthly benefit in proportion to your level of whole person impairment, whichever is less.

Whole person impairment is based on medical advice that may include regular occupational or medical assessment by a medical adviser appointed by MLC, which may be requested at any time. It will be required following two years of partial disability or rehabilitation and every six months thereafter while partial disability or rehabilitation continues or until the end of the benefit period, whichever is earlier. This assessment is in addition to any other information or examination required to assess the claim. No benefit will be payable for any period of partial disability or rehabilitation with an assessed whole person impairment of less than 25%.

**What if you can claim for loss of income from other sources?**

When you receive benefits from other sources such as Workers Compensation or other legislated payments for loss of income, your benefits will be adjusted.

- **We won’t make any adjustments for social security payments, benefits at common law, compensation paid for pain or suffering or superannuation payments.**

**If you choose Agreed Value cover:**

Your benefits will be reduced so that the total amount you receive from this insurance together with benefits for loss of income from all other sources doesn’t exceed:

- 75% of your Earnings before disability for Total Disability (or not more than the monthly benefit, for farmers under the Farmers Package), or
- 100% of your Earnings before disability for Partial Disability.

We won’t reduce your benefits if the total benefits you receive from this insurance and benefits for loss of income from all other sources, are less than your monthly benefit (as shown in your Schedule).

**If you choose Indemnity cover:**

Your benefits will be reduced so that the total amount you receive from this insurance together with benefits from all other sources, is less than 75% of your Earnings before disability.

Where benefits from other sources are paid as a lump sum we’ll treat the lump sum as though it is paid in equal monthly instalments for eight years and use that amount, to calculate the reduction in your benefit.

In addition to the above, the following applies:

- **For Income Protection Standard:** MLC will reduce the amount it will pay if you receive any benefit from:
Summary of the terms and conditions for Income Protection and Business Expenses

- a superannuation or pension plan or any policy of income protection, salary continuance or disability insurance
- any income provided or arranged by an employer, partnership or business, including sick leave.

For Income Protection Plus:

If at the time of application you have over 90 days accumulated sick leave or have disability insurance arrangements through your employer, your policy may include a condition that will reduce the benefit payable so that the total we pay is not more than 75% of your Earnings before disability.

For Special Risk Occupations (Agreed Value and Indemnity):

If you have selected Non Occupational Cover (see page 68) and you receive income benefits from Workers Compensation or a similar compensation scheme regulated by legislation, no benefit will be payable.

One benefit paid at a time

You’ll only receive one benefit at a time. However, you’ll also receive the following benefits at the same time as your Total or Partial Disability benefits:

- Rehabilitation Expense Benefit
- Rehabilitation Bonus, and

where you have selected the Extra Benefits Option:
- Double benefits for specified conditions
- Home Assistance Benefit
- Transportation Benefit
- Accommodation Benefit.

When do benefits end?

Any benefit paid under Total Disability, Partial Disability or Rehabilitation ends if any of these occur:

- you cease to be totally disabled, partially disabled or in rehabilitation (as applicable)
- your maximum benefit period ends
- for Partial Disability or Rehabilitation in Income Protection Standard cover, the benefit period ends at the later of 6 months and when we have paid 6 times your monthly benefit
- your Income Protection insurance ends.

If you die while your Income Protection insurance is in force, in addition to any other benefits that have been paid or are payable, we will pay:

- six times the monthly benefit as a lump sum, or
- $60,000 whichever is the lesser.

Return to work during the Waiting Period

You can return to work during the Waiting Period. The days you work don’t have to be consecutive. The Waiting Period will be extended by the number of days you return to work. However, the Waiting Period will start again if:

- you select a Waiting Period of 14 days or one month and you return to work for more than five consecutive workdays
- you select a Waiting Period longer than one month and you return to work for more than 10 consecutive workdays.

What is sabbatical leave?

This means leave taken for study or travel as a normal part of your occupation.

Business Expenses - How does it work?

If you’re self-employed, or operate a small business, you’ll be reimbursed for certain business expenses incurred while you’re Totally Disabled, up to your monthly benefit amount for up to 12 months.

If your business continues to generate income while you are disabled, MLC will not reduce your benefits.

If you own and operate your business through a company, MLC will treat covered expenses paid by the company as if they were paid by you.

If you change businesses the policy is portable. Simply apply it to your new business.

If you have a break in employment you can continue your cover for up to a year while you are on extended leave, unless it is a direct result of disability. MLC can approve longer periods. You must continue to pay premiums during this time.

MLC reimburses the monthly expenses you actually incur after your Waiting Period ends and while you are totally disabled, up to your chosen monthly benefit, for up to one year.

If you are entitled to benefits because you are disabled for part of a month, MLC will reduce the covered expenses and monthly benefits proportionally based on a 30-day month.

If you’re paid less than the full benefit over a year, we’ll extend the benefit period.
while you continue to be disabled for the lesser of another 12 months or until you’ve been reimbursed an amount equal to the full 12 months’ benefit.

MLC pays benefits only while a Doctor is regularly treating you. MLC will review the benefit regularly and may require further proof of disability if it continues.

If you die while your Business Expenses insurance is in force, in addition to any other Benefits that have been paid or are payable, we will pay you:

• three times the Monthly benefit as a lump sum, or
• $30,000

whichever is the lesser.

If you change businesses, the policy is portable. You have the flexibility to apply this insurance to your new business.

This insurance isn’t available if you work in a special risk occupation.
Summary of the terms and conditions for Income Protection and Business Expenses

2. Terms for Extra Benefits Option (outside super only)

The full terms and conditions that apply to your insurance are in the policy document, which we will send to you when we accept your application.

As an additional option to your Income Protection insurance you can purchase this package of extra benefits:

**Accommodation Benefit**

You’ll receive an additional $500 every day if a Family member needs hotel or motel accommodation to be near you.

This applies if you’re Totally Disabled, confined to bed and receiving full-time registered nursing care (not provided by a member of your Family) under a Doctor’s direction and you are more than 100 kilometers from your usual place of residence. The benefit applies from the fourth day of your confinement to bed.

**Advance Payment for certain injuries**

You’ll receive a lump sum for the periods shown in the tables below, for certain injuries.

If your Waiting Period is greater than one month, the advance benefit will equal your monthly benefit for the period in the table minus your Waiting Period.

MLC will pay your monthly Income Protection benefits after the advance benefit period while you are totally or partially disabled or under rehabilitation as a result of your injury up to the earliest of the following:

- MLC pays your chosen maximum benefit (taking into account any advance benefits)
- your 65th birthday, or
- you die.

If one injury causes more than one of the losses or fractures shown in the tables on this page, you’ll only receive a benefit for the loss with the largest benefit.

Where you make a critical illness claim for cancer, a heart attack or a stroke, we will assess your claim against the most favourable of:

- the applicable definition in our PDS/Policy Document linked to the full benefit amount; and
- if different, the corresponding medical definition in the Life Insurance Code of Practice (The Code) (or other minimum standard endorsed in final form by the Financial Services Council and that we accept) that is current at the time the claimable event occurs.

A mini mental state examination is a test which samples various functions including arithmetic, memory and orientation to assess cognition.

Where this Total and Permanent Disability and Loss of Independence insurance first commenced after 30 June 2014 under an LCS policy or a PPP policy owned by a SMSF, the Life Insured must also be Permanently Incapacitated.
3. Total Disability and Partial Disability Definitions relating to Income Protection and Business Expenses insurances

**Income Protection**

**Total Disability**
The definition of total disability depends on the Income Protection insurance you choose.

Your inability to work must be due to sickness or injury.

If you are working for Earnings, payment or profit, you will not be eligible for Total Disability benefits but you may be eligible for Partial Disability or Rehabilitation benefits.

MLC will pay benefits for total and partial disability and rehabilitation only while a Doctor is regularly treating you. MLC will review the benefit regularly and may require further proof of continued disability.

**Total Disability (Income Protection Plus)**
You are totally disabled if you are continuously unable to do at least one of the important duties of your occupation necessary to producing your income.

**Total Disability (Income Protection Standard)**
You are totally disabled if, during the first two years of disability, you are continuously unable to do at least one of the important duties of your occupation necessary to producing your income.

After the two years, you are totally disabled only if you are unable to do the important duties of any occupation you are suited to by way of education, training or experience.

**Partial Disability and Rehabilitation**
MLC will pay a reduced monthly benefit if you remain continuously unable to fully perform the duties of your own occupation as a direct result of the sickness or injury which caused your total disability, but you do one of the following:

- return to work in your own or another occupation
- begin a vocational rehabilitation programme approved by government or MLC.

The Partial Disability or Rehabilitation benefit must follow total disability of at least 14 days or from the end of your Waiting Period, whichever is later.

For PPP only, where partial disability or rehabilitation is due to one of the following specified conditions, a prior period of total disability is not required to be eligible for those benefits:

- Motor Neurone Disease
- Muscular Dystrophy - unequivocal diagnosis
- Multiple Sclerosis - of specified severity
- Parkinson’s Disease - of specified severity.

The specified condition must satisfy all of the terms of its definition, be diagnosed by an appropriate specialist and be confirmed by MLC’s medical adviser. These specified conditions are defined in ‘Critical conditions definitions’ on pages 74 - 81.

The maximum period of time MLC will pay Partial Disability or Rehabilitation benefits depends on the Income Protection insurance you choose.

**Partial Disability (Income Protection Plus)**
MLC will pay Partial Disability or Rehabilitation benefits up to the end of the benefit period.

**Partial Disability (Income Protection Standard)**
MLC will pay Partial Disability or Rehabilitation benefits for up to a maximum of six months. If the benefit paid is less than the full monthly benefit over the six months, MLC will extend the benefit period while your partial disability or rehabilitation continues until the benefit paid equals six times the full monthly benefit.

MLC will pay benefits for total and partial disability and rehabilitation only while a Doctor is regularly treating you. MLC will review the benefit regularly and may require further proof of continued disability.

You are totally disabled if you are continuously unable to do at least one of the important duties of your occupation necessary to producing your income.

Ownership must be the same for all insurances under the one policy.

Some critical conditions are covered only after a period of time known as a ‘qualifying period’. This means you aren’t covered for those conditions if they first appear, first happen, or are first diagnosed within the qualifying period after your insurance began, was last reinstated or increased.

For surgical procedures this means you’re not covered when the underlying condition requiring the surgical intervention first appears, first happens, or is first diagnosed within the qualifying period.

If, because of the qualifying period you are unable to claim an insurance benefit, we’ll still cover you for future unrelated critical conditions if they appear, happen, or are diagnosed after the qualifying period has ended.

If your insurance is replacing similar insurance, we’ll waive your qualifying period for the amount that would have applied if that policy had continued.

**Waiting Period** A Waiting Period means your benefit won’t be paid straight after the claimable event happens. Once an event occurs you have to wait a certain period of time before you can make a claim.

Insurance with longer Waiting Periods cost less than insurance with shorter Waiting Periods because they only pay benefits for long term events.

(What is the) **work test?** To satisfy the work test you must be Gainfully Employed on at least a part-time basis, having worked for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made. This requirement may change from time to time.
Your duty of disclosure

When you apply for a life insurance policy, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you. You have the same duty before you extend, vary or reinstate the policy.

You do not need to tell us anything that:
- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If someone other than you will be the life insured under the policy, any failure by that person to comply with the above duty will be treated as a failure by you.

If you request life insurance inside super, the Trustee obtains this insurance from us in relation to you.

In this circumstance, we rely on the disclosures that you or the Trustee makes to us.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate policies of life insurance.

If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the policy within 3 years of entering into it.

If we choose not to avoid the policy, we may, at any time, reduce the amount you have been insured for.

This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have.

However, if the policy provides cover on death, we may only exercise this right within 3 years of entering into the policy.

If we choose not to avoid the policy or reduce the amount you have been insured for, we may, at any time vary the policy in a way that places us in the same position we would have been in if you had told us everything you should have.

However, this right does not apply if the policy provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

Disclosure – MLC Transfer Applications

If you apply to transfer your insurance from an existing MLC policy to a new MLC policy (transfer application), we will rely on the matters disclosed and representations made to us prior to entering into the existing MLC policy and, if applicable, the matters disclosed and representations made to us with your application for a new MLC policy (including an application for any change, increase or addition to the existing MLC policy) when making a decision whether to accept the transfer application and on what terms.

If we refuse your transfer application for any reason, your existing insurance will continue unless you choose to cancel it or your insurance ends.

By submitting a transfer application you consent to this process.

Pre-existing conditions

If we ask you for medical information during the application process and you fully and accurately disclose a medical condition to us, we will not apply a pre-existing exclusion clause in relation to that condition unless we agree this with you and confirm it in writing when your policy is issued.

On the basis of your disclosure, we may not offer you insurance or may offer it on alternative terms.

Interim Accident Insurance Certificate

This information is provided by MLC Limited ABN 90 000 000 402 AFSL 230694 (MLC), the issuer of this Interim Accident Insurance.

We are pleased to provide this Interim Accident Insurance, at no extra cost, while your application for MLC Personal Protection Portfolio and/or MLC Life Cover Super, whether for a new policy or an addition to an existing policy, is being considered. This insurance is provided separately to MLC Life Cover Super and is not part of the Fund. The Trustee has no liability or obligation to you for this Interim Accident Insurance.

The terms and conditions of this Interim Accident Insurance Certificate are set out below.

This Interim Accident Insurance does not apply to applications for transfer of insurances between MLC Personal Protection Portfolio and MLC Life Cover Super.

When will we pay?

You’ll receive the benefits of the Interim Accident Insurance if the life insured dies, is Totally and Permanently Disabled, suffers a critical condition, or becomes Totally Disabled, as a result of a bodily injury caused by Accidental means, which occurs while the life insured is covered by this insurance. Details are as follows:

Life Cover and Total and Permanent Disability insurance

If you applied for any of these insurances for a life insured, and that life insured dies within 12 months, or is Totally and Permanently Disabled, as a result of a bodily injury which is caused by Accidental means during the term of this insurance, you’ll receive the lowest of:

• $1,000,000
• the benefit you applied for, or
• the benefit we would allow under our normal assessment guidelines.

Critical Illness insurance

(Applicable outside super only. After 30 June 2014 not available for policies owned by an SMSF)

If you applied for Critical Illness insurance for a life insured, and that life insured suffers one of the following critical conditions, as a result of bodily injury which is caused by Accidental means during the term of this insurance:

• Coma – with specified criteria
• Major Burns – of specified severity
• Major Brain Injury – of specified severity
• Blindness – of specified severity
• Paralysis – of specified severity
• Loss of Independence – of specified severity.

You’ll receive the lowest of:

• $600,000
• the Critical Illness benefit you applied for on the life insured, or
• the Critical Illness benefit we would allow for that life insured under our normal assessment guidelines.

Income Protection insurance

If you’ve applied for Income Protection insurance for a life insured, and that life insured is totally disabled as a result of a bodily injury which is caused by Accidental means during the term of this insurance, you’ll receive the lowest of:

• $10,000 a month
• the benefit you applied for, or
• the Income Protection benefit we would allow under our normal assessment guidelines.

You’ll receive this benefit each month that the life insured is continuously totally disabled after the end of the Waiting Period you applied for, up to a maximum of 12 months. If the life insured is disabled for part of a month the benefit will be reduced proportionately.

Conditions

Other than as varied by these terms, the following (as set out in this PDS and the policy document), shall apply to this Interim Accident Insurance:

• the Any Occupation definition of Totally and Permanently Disabled
• the definition of totally disabled under Income Protection Plus insurance, or
• the standard conditions, Waiting Periods, limitations and exclusions, subject to any options you applied for in your application for MLC Personal Protection Portfolio and/or MLC Life Cover Super.

Interim cover will only be provided for those conditions that are covered under the terms of the insurance for which you’ve applied.

1 These conditions are not covered if you have applied for Critical Illness Standard.
When does Interim Accident Insurance start?

Unless we nominate an earlier date, Interim Accident Insurance starts when we or the Trustee receive an application for MLC Personal Protection Portfolio or MLC Life Cover Super at any of its offices together with one of the following:

- one full instalment of the premium
- a fully completed Direct Debit Request Schedule or Credit Card Deduction Authority or Direct Payment,
- an eligible MLC account Deduction Authority (in respect to MLC Life Cover Super).

If the application is submitted electronically, Interim Accident Insurance will start upon submission.

If your application isn’t accepted, any premium received by us will be refunded, less any Government charges or taxes, to you or to the Trustee for MLC Life Cover Super members.

Your Interim Accident Insurance is void if the premium payment for either MLC Personal Protection Portfolio and/or MLC Life Cover Super is dishonoured.

Your Duty of Disclosure

Interim Accident Insurance will only be available if you and the lives insured nominated in the application for MLC Personal Protection Portfolio and/or MLC Life Cover Super have completed the application accurately and honestly and have complied with your Duty of Disclosure as set out in your application.

Your Duty of Disclosure doesn’t end on completion of your application and personal statement. Your duty continues until we accept your application and issue a Schedule and a policy document to you.

We pay one benefit

We won’t pay more than one benefit under this Interim Accident Insurance for any one Accident to any life insured.

Benefit limits

If you’re applying to replace an existing policy, the amount of any benefit will be limited to the amount (if any) by which the sum proposed to be insured under the MLC Personal Protection Portfolio and/or MLC Life Cover Super application exceeds the sum insured under the policy to be replaced.

When won’t we pay?

In addition to our standard exclusions (as set out in the current MLC Personal Protection Portfolio and/or MLC Life Cover Super policy document and outlined in this PDS), we won’t pay under this insurance for death or disability arising from or contributed to by:

- any condition that you or the life insured knew about before applying for MLC Personal Protection Portfolio and/or MLC Life Cover Super
- the life insured engaging in any occupation, sport or pastime that we wouldn’t cover under our normal assessment guidelines.

Furthermore, we won’t pay if:

- the cover applied for would have been declined under our current assessment guidelines, or
- you lodge a claim for an event or condition that would have been excluded under the underwriting process.

When does Interim Accident Insurance end?

We will cancel your Interim Accident Insurance by notice in writing on the earliest of the following:

- 90 days after the start of this Interim Accident Insurance unless before then we tell you a different date
- the date we issue a Schedule following our acceptance of your application for MLC Personal Protection Portfolio and/or MLC Life Cover Super (or in the case of additional insurance, when we issue a revised Schedule to you)
- when we advise you that your application hasn’t been accepted
- when we advise you that your Interim Accident Insurance has ended, or
- when you withdraw your application.

Your application for MLC Personal Protection Portfolio and/or MLC Life Cover Super

If you claim under your Interim Accident Insurance for any life insured, we’ll take this into account in considering your application for MLC Personal Protection Portfolio and/or MLC Life Cover Super on that life insured. We may decide not to accept your application on this basis.

We may accept or reject your application as we see fit. No insurance will take effect (apart from this Interim Accident Insurance) before we accept your application and issue a policy to you (or in the case of additional insurance, when we issue a revised Schedule to you).

No financial adviser or other person is authorised to change these conditions, whether in writing or otherwise. No changes will be binding upon MLC.

The Fund and your Trustee

The Fund is the MLC Super Fund.

It is a resident regulated superannuation fund within the meaning of the Superannuation Industry (Supervision) Act 1993 and is not subject to a direction under section 63 of that Act.

The Trustee is NULIS Nominees (Australia) Limited.

The Trustee is responsible for the operation of the Fund, including management and administration.

The full legal terms which govern your membership of the Fund are contained in the Fund Trust Deed. The full legal terms which govern the insurance cover provided through Life Cover Super or Protectionfirst Super are contained in the Policy Document.
How insurance in super works

When you apply for insurance in super you become a member of the Fund, and the insurance cover is purchased through the Fund.

You’ll be the person covered by the insurance however the insurance is issued to us, and we’ll hold it on your behalf.

The money you pay into the Fund for the insurance will be treated as super contributions1.

We’ll then use those contributions to pay insurance premiums.

Holding insurance through the Fund will affect what happens when you make a claim, the benefit payments, and the tax treatment and cost of the insurance premiums.

You should discuss whether this structure is appropriate for you with your financial adviser and registered tax agent.

How to apply

To apply for insurance in super you will need to complete the insurance application form, answering all of the medical and personal history questions.

We will use your completed insurance application form to apply for insurance on your behalf.

The Insurer will then consider your application.

Information about how the Insurer assesses your application, including any special terms the Insurer may apply is set out in the relevant Insurance PDS.

For a copy of the relevant Insurance PDS or for further information about an insurance product, speak to your adviser. You can also contact us on 132 652 or go to mlc.com.au/personal/forms-and-documents/pds/insurance to obtain a copy of the relevant Insurance PDS.
The insurance

Insurance cover starts when your application is accepted and the Insurance Contract is issued.

The Insurance Contract is made up of the Policy Document and Policy Schedule. You’ll receive a copy of the Policy Document. You’ll also receive a new Policy Schedule each year, close to the anniversary of the insurance.

We’re the owner of the Insurance Contract but you will be given a copy.

The Policy Schedule will confirm the type of insurance being held in the Fund, the amount of the insurance and also inform you about the premium that applies for that year.

What you need to know about the risks in relation to the insurance

There is a risk that the insurance won’t meet your needs. Your adviser can thoroughly assess your circumstances and help you choose a type and amount of insurance to suit your needs.

They can help you consider your future needs now as you may not qualify for some insurances if your circumstances change. If you’re replacing part or all of any insurance, you should compare the differences between the existing and replacement policies.

This way, you can help ensure the replacement insurance is suitable for you. If you are replacing insurances, do not cancel that insurance before the new insurances are in place (after the insurance is issued).
Paying for insurance, costs and fees

Insurance Costs

The cost of the insurance cover is known as the premium.

Stamp duty and other government charges may also be payable in respect of the insurance.

The Insurer will provide you or your adviser with a quote which sets out the expected cost of the insurance.

There are a number of ways to pay for insurance, including directly (by making contributions into the Fund to cover the cost of the premiums), by deduction from another MLC Super Fund account, or for Protectionfirst Super, by rollover from an external super fund.

To understand all of the fees and costs that might be payable for the insurance cover (including how these are calculated), please refer to the sections below in this PDS and the relevant Insurance PDS.

Payments into the Fund to cover the cost of insurance premiums will be considered to be superannuation contributions.

Contributions can be made by you, your employer or your spouse. Contributions may be made subject to your age and certain work related circumstances.

There are limits on the amount you can contribute into super before you have to pay additional tax (known as superannuation contributions caps\(^2\)).

These contribution caps apply across all contributions you make into super or those made on your behalf, including employer super contributions and other personal contributions you make across all superannuation accounts that you have, even where those accounts are with different superannuation providers.

For more information about taxation implications of insurance arrangements in super refer to page 18.

To find out who can contribute go to apra.gov.au or ato.gov.au. You can also speak to your financial adviser.

How is the first premium treated?

Any premium paid by direct debit, credit card or cheque stays in a trust account while the application is being considered until the application is accepted or declined (in which case the premium is refunded). Any interest earned on monies in the trust account will be retained.

Trustee fees

As at the date of preparation of this PDS, we do not charge a fee for your membership of the Fund for this superannuation interest or for setting up insurance through the Fund.

If this changes, we’ll let you know at least three months before introducing the fee.

Family Law Charges

The Family Law Act helps super, life insurance and other investments to be divided between parties should there be a marriage or de facto relationship breakdown.

We may be obliged to provide information to other parties and manage the insurance in line with court orders.

We may charge a fee for any costs we incur.

\(^2\) From 1 July 2017 the concessional contribution cap is $25,000 and the non-concessional cap is $100,000.
Claiming on the insurance

We will make a claim on your behalf to the Insurer by submitting your completed claim forms to the Insurer.

You will need to satisfy the insurance terms for the insurance benefit to be paid.

The insurance terms are described in the relevant Insurance PDS and will also be set out in the Policy Document.

Any insurance benefits paid in respect of insurance held through Life Cover Super or Protection/first Super is part of your super and will be paid to us as the Trustee of the Fund.

We will then release the benefits to you providing you meet a condition of release set by law.

The condition of release that may be relevant for each type of insurance is shown in the table below:

<table>
<thead>
<tr>

<tr>

<td><strong>Temporary Incapacity</strong> – means ill health (whether physical or mental) that caused you to cease to be gainfully employed but does not constitute permanent incapacity. This applies where you’ve ceased to be gainfully employed (including where you have ceased temporarily to receive any gain or reward under a continuing arrangement for you to be gainfully employed). A benefit can’t be paid for longer than the period of Temporary Incapacity.</td>
</tr>
</tbody>
</table>
| Terminal Illness                          | **Terminal Medical Condition** – A terminal medical condition exists in relation to you at a particular time if the following circumstances exist:  
  • two registered medical practitioners have certified, jointly or separately, that you are suffering from an illness, or have incurred an injury, that is likely to result in death within a period (the certification period) that ends not more than 24 months after the date of the certification  
  • at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person, and  
  • for each of the certificates, the certification period has not ended. |

Irrespective of the conditions of release described above, the applicable insurance definition in the Policy Document must be met for an insurance benefit to be payable.
For new insurance benefits inside superannuation that commenced after 30 June 2014, superannuation trustees are required to provide insurance benefits that are consistent with the conditions of release.

Therefore, any new insurance that you apply for through the Fund after that date will be consistent with a relevant condition of release.

This means that that all valid claims for such insurance benefits will meet the relevant condition of release, and we will be able to release to you the benefit we receive from the Insurer.

Most benefits can be paid to you or your beneficiary following a valid claim. However in rare cases you may not meet a condition of release, and we therefore can’t release the benefit to you.

In such a case, the benefit must be held in a superannuation fund as “preserved benefits”, until you do meet a condition of release. We will seek instructions from you about where you would like the benefit to be held.

The law is strict about how and when you can access preserved benefits.

You can generally access preserved benefits when you reach age 65.

Before then you can generally access preserved benefits if you fully retire after you reach your preservation age (between ages 55 and 60, depending on your date of birth) or if you satisfy another condition of release.

For more information about the conditions of release, go to [apra.gov.au](http://apra.gov.au) or [ato.gov.au](http://ato.gov.au)
Death benefits and nominating a Beneficiary

We’ll generally pay any insurance death benefit we have received to your eligible beneficiaries (typically your dependants) or your estate in accordance with superannuation laws.

For Protectionfirst Super, death benefits may, at our discretion and with the consent of the beneficiary, be payable as a pension.

Nominating a Beneficiary

You are able to nominate how insurance benefits are to be distributed on your death, as described below:

<tr>

</tr>
<tr>

</tr>
<tr>
<td>Non-binding death benefit nomination</td>

<td>You may specify dependants and/or your estate as beneficiaries and nominate the appropriate proportion of the insurance benefits payable to each. Your nomination will be valid for three years, after which it will expire.</td>
</tr>
<tr>

</tr>
<tr>
<td>Non-binding death benefit nomination</td>

Your nomination will guide us as to your wishes, but it will not be binding. We have absolute discretion to determine who will receive the insurance death benefits.</td>
</tr>
</tbody>
</table>
It is important that you review your nomination regularly and keep your beneficiary nomination up to date with changes in your personal circumstances.

If you make a non-lapsing binding death benefit nomination your nomination will not automatically become invalid in the event of marriage, divorce or any other life-changing event. In these circumstances, your last valid nomination may no longer reflect your intentions and, unless you update it, we’ll still pay the person named in the nomination so long as they are still an eligible beneficiary.

We’ll confirm the details of your nomination each year via your annual statement. You can cancel or change your nomination at any time by completing the relevant form available from mlc.com.au or by calling us on 132 652.

You should speak to your financial adviser, estate planner or legal representative and registered tax agent to determine which type of nomination will best suit your circumstances and how the complex tax rules about death benefits and beneficiaries may affect you.

Who can you nominate?

When you make a death benefit nomination (other than a nomination under the Super Estate Optimiser facility), you can only nominate:

- your spouse (including a de facto spouse or same-sex partner)
- children including adopted children, step-children, a child of your spouse or someone who is your child within the meaning of the Family Law Act 1975
- individuals who are financially dependent on you at the time of your death
- your legal personal representative (either the executor under your Will or a person(s) granted letters of administration for your estate if you die without having left a valid Will), or
- someone in an ‘Interdependency Relationship’ (see definition below) with you.

If you do not have any such beneficiaries at the time of your death, then we may pay the benefit to another person. When nominating beneficiaries you should take these restrictions into account.

**Note:** Different rules apply in respect of who you can nominate under the Super Estate Optimiser facility – see below for details.

A dependant for superannuation purposes is your spouse (including de facto and same sex partner), any of your children and any other dependant, being a person with whom you had an interdependency relationship or who was financially dependent on you.

An interdependency relationship exists if two persons (whether or not related by family) have a close personal relationship, live together, one or each of them provides the other with financial support, and one or each of them provides the other with domestic support and personal care.

Two persons will still have an interdependency relationship if they have a close personal relationship and they do not satisfy the other requirements set out above if the reason they do not satisfy the other requirements is that:

- they are temporarily living apart, or
- if either of or both of the two persons suffer from a disability that prevents them from satisfying the other requirements.

You will need to complete the nomination of beneficiary section of the relevant application form if you wish to make a nomination. For a binding death benefit nomination to be binding on us, the nomination must be valid. A court order may override a binding beneficiary nomination.

If you have not made an insurance death benefit nomination, we’ll have absolute discretion over who receives the benefit in the event of your death.

You can change the insurance death benefit nomination or replace it with a different type of death benefit nomination by completing the beneficiary form. You can cancel a nomination at any time by writing to us.

Non-lapsing binding death benefit nominations
(Life Cover Super only)

How do you make a valid non-lapsing binding death benefit nomination?
In order to make a valid non-lapsing binding death benefit nomination, it must:

• be in writing, stating the full name and, unless the nomination is to your legal personal representative, the date of birth of eligible beneficiaries and their relationship to you
• be signed and dated by you in the presence of two adult witnesses who are not nominated beneficiaries
• contain a signed and dated declaration from the witnesses that your beneficiary nomination was made in their presence
• for multiple beneficiaries, specify the proportions of the benefit to go to each beneficiary (the total must add up to no more than 100%).

We must confirm our acceptance of your nomination.

Your non-lapsing binding death benefit nomination can become invalid for any beneficiary who is not an eligible beneficiary at the time of your death. In this case we’ll have discretion over who receives the benefit amount allocated to that beneficiary.

You can contact us for our nomination forms.

Can your non-lapsing binding death benefit nomination become invalid?
Yes. Your non-lapsing binding death benefit nomination can become invalid for any beneficiary who is not an eligible beneficiary at the time of your death. In this case we’ll have discretion over who receives the benefit amount allocated to that beneficiary.
MLC Super Estate Optimiser can provide you with greater certainty as to how the death benefit will be paid (as a lump sum or an account-based pension).

With this facility you don’t nominate specific individuals to receive insurance death benefits.

Instead, you select the class of beneficiaries (i.e. your Spouse, dependent children or estate), and the benefit will be paid in equal portions to all beneficiaries that meet the criteria for the nominated category.

Once selected and if accepted by us, we must pay the death benefit according to your category selection.

In that sense, your selection is binding on us. If your personal circumstances change you should update your category selection.

What are the key advantages of MLC Super Estate Optimiser?

The advantages are that:

- you exercise greater control of your estate planning (note that ex-spouses are excluded, but your Dependent and Minor Children are included)
- certainty is provided about who will receive the benefits (assuming you update your selection if your circumstances change)
- future beneficiaries are automatically included if they meet the category definition at the date of your death (for example, future children for child related categories)
- your nomination does not expire and is effective until you change or cancel your selection
- the need to set up a Testamentary Trust may be reduced, potentially saving legal and associated fees.

You will find this facility particularly useful if you want peace of mind that the death benefit will be paid to the groups of beneficiaries selected by you and in the manner specified by you (lump sum or pension).

How does MLC Super Estate Optimiser work?

You determine who will receive the superannuation death proceeds by selecting one of the eight categories below:

<table>
<thead>
<tr>
<th>Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Lump Sum – Spouse</td>

</tr>
<tr>

What if there is more than one eligible child?

Where there is more than one eligible child the payment will be made to those children in equal shares.

We’ll pay death benefits according to your selected category.
What if your beneficiaries don’t meet the eligibility criteria?

Important benefit default provisions apply where the person(s) you have nominated does not (do not) meet the definition for the category nominated at the date of your death or do not survive you:

- if a lump sum would have been payable to your Dependent Children or Minor Children, but neither exists at the date of your death, then the lump sum is paid to your Spouse, or if none, to your Estate
- if a pension would have been payable to your Minor Children and there are no Minor Children at the date of your death, then the pension is paid to your Spouse, or if none, as a lump sum to your Estate
- if a benefit would have been payable to your Spouse and there is none at the date of your death, then the benefit is paid as a lump sum to your Estate.

Pensions

If a pension is selected, we’ll pay a pension according to the current terms of the pension product that is available. The current available product that the pension will be paid from is MLC MasterKey Pension Fundamentals.

MLC MasterKey Pension Fundamentals is issued by us. You should consider the PDS for MLC MasterKey Pension Fundamentals, in deciding whether to acquire, or continue to hold, the product. You can contact us for a copy of this PDS.

How do you make a category selection under MLC Super Estate Optimiser – or change your selection?

To make a category selection under MLC Super Estate Optimiser, complete the Super Estate Optimiser questions in the application and submit it with the application for Life Cover Super.

To assist us in administering a claim you may name Children and/or your Spouse in the Selection Form, but all persons who fulfil the criteria for your selected category at the date of your death will receive the death benefit whether or not they are named on the Selection Form.

You can change your category selection at any time by completing the Super Estate Optimiser questions in the beneficiary nomination form.

Of course you should also regularly update your Will.

What is the effect of super splitting under the Family Law Act?

You should be aware that in certain circumstances upon the breakdown of your marriage, the Super Estate Optimiser death benefit category selection may be overridden in whole or in part and the payment of benefits may be delayed by various actions taken under the superannuation provisions of the Family Law Act.

Should your marriage break down, you should review your current category selection under the Super Estate Optimiser.
When insurance in super ends

If premiums are paid and the terms of the insurance are met, it will continue until the expiry date of the insurance is reached, or a termination event happens. See the relevant Insurance PDS for further details.

Cancelling insurance and the cooling off period

You can cancel the insurance at any time by request to the Insurer.

If the insurance is cancelled within the applicable cooling off period, the Insurer will refund to us all premiums paid.

We will then refund the amount to you subject to super preservation requirements.

If the monies paid include preserved or restricted non-preserved benefits, you must nominate another complying super fund or rollover vehicle to which these amounts are to be rolled over.

However, if you make an alteration to the insurance or claim on the insurance during the cooling off period, this will confirm acceptance of the insurance and any premiums paid wont be refunded.

For further details about the applicable cooling off period and cancelling the insurance, please see the relevant Insurance PDS.

Your eligibility to contribute to super changes at age 65

When you reach age 65, there are certain age-based superannuation regulations that restrict your ability to make contributions to super. This includes meeting a work test.

What is the work test?
To satisfy the work test, you must be gainfully employed on at least a part-time basis, for at least 40 hours during a period of 30 consecutive days in the financial year in which the contribution is made.

This requirement may change from time to time.

You must tell us if you no longer meet the work test and are no longer able to make contributions into super.

If you pay premiums directly by making contributions into the Fund, then not meeting the work test means you can’t make contributions and therefore can’t pay premiums and the insurance will need to end.

If premiums are paid by deduction from an eligible MLC superannuation account, you are aged between 65 and 74 years, and you don’t meet the work test, the insurance in super can continue as long as there are sufficient funds in your eligible MLC super account to pay for insurance premiums.

Converting to insurance outside of super

If you’re unable to continue the insurance because of age-based superannuation requirements, the Insurer will offer you the opportunity to convert the insurance held inside of super to insurance held outside of super.

Conversion is not just for members over the age of 65. You can convert the insurance inside of super to insurance outside of super at any time, as long as the insurance is still in place.

How does conversion work?

On conversion the Insurer will cancel the insurance through super, and issue you new insurance outside super, with similar types of insurance and amounts of insured benefits.

At that point your interest in the relevant insurance product offered through the Fund ends. Your membership of the Fund and entitlement to receive any insurance benefits through super ends also.

Any beneficiary nomination for insurance in super will also end when the insurance through super ends.

The amount of insured benefits under the new insurance will not be more than it was under the old insurance at the date of conversion.

Premiums under the new insurance will be calculated in line with the Insurer’s premium rates for the cover at the time of conversion.

Any beneficiary nomination made for the insurance in super will not apply to the new insurance outside of super. To make a new beneficiary nomination for your insurance outside of super you will need to complete the Insurer’s nomination of beneficiary forms.

See the relevant Insurance PDS for further details.
Taxation

The information in this section is of a general nature and only reflects our current understanding of the tax laws at the preparation date of this document. We recommend that you seek professional tax advice regarding your own taxation position. We are not registered tax (financial) advisers or registered tax agents. If you intend to rely on any advice to satisfy liabilities, obligations or claim entitlements that arise, or could arise under taxation law, you should seek advice from a registered tax agent or registered tax (financial) adviser.

Tax laws change. The Federal Government recently passed significant changes to the taxation of superannuation and to the contribution limits. To keep up-to-date, please visit ato.gov.au

Any contributions used to fund premiums will be reported to the Australian Taxation Office (ATO) for the purpose of calculating superannuation contribution limits.

Where required by law, we will deduct any tax, duty or government fees and forward the money to the relevant authority.

How are superannuation contributions taxed?

Contributions are generally either tax free or taxed at a concessional rate of 15%.

These include, but aren’t limited to, contributions from your employer (including salary sacrifice) or, if you’re eligible, personal contributions for which you can claim a tax deduction.

An additional 15% tax may also apply on the concessional contributions of high income earners who’s income (for surcharge purposes) exceeds $300,000 pa (from 1 July 2017 onwards, this threshold will be reduced to $250,000 pa). This tax will be assessed by the ATO and will be charged to the individual.

Insurance premiums may be tax deductible to the Fund.

Where the premium is deductible to the Fund, we are able to offset the tax payable on contributions by the amount of the deduction. This may reduce the amount of tax you pay on a taxable contribution.

If you choose to fund insurance premiums by rollover from an external super account you should consider the impact on the tax and preservation components on each of your super interests.

To find out more about the taxation implications and the preservation components inside super, speak to a financial adviser or registered tax agent.

What are the maximum contribution amounts?

Your contributions for the payment of insurance premiums are added to any contributions you and your employer make across all your superannuation accounts for the purpose of applying contributions caps.

You may have to pay additional tax if contributions exceed your contribution cap limits. These limits may change from time to time.

Broadly, from 1 July 2017 members with a total superannuation balance of over $1.6 million will no longer be able to make non-concessional contributions.

From 1 July 2017, the government has also limited the amount that a member can hold in the exempt retirement phase to $1.6 million.

To find out more about current contribution limits, the taxation implications of exceeding these limits, or the new super changes, go to ato.gov.au and/or speak to your registered tax agent.
**Do you intend to claim a tax deduction for contributions used to fund the insurance premium?**

You may be entitled to claim a tax deduction on your personal super contributions if:

- you are under age 75; and
- you receive less than 10% of your assessable income, reportable fringe benefits and reportable employer super contributions from eligible employment.

Broadly, from 1 July 2017, individuals under the age of 75 will be permitted to claim a tax deduction for personal contributions (ie the 10% income test will no longer apply from 1 July 2017).

If you intend to claim a tax deduction for any contributions used to fund premiums, you will need to provide us a Notice of Intent to Claim form within the relevant time limits.

To find out more go to [ato.gov.au](http://ato.gov.au) and/or speak to your registered tax agent.

Also, if your application for insurance is not finalised before the end of the income year, we will not record the contribution as being received until the following income year when your application is approved.

This could have implications for the income year in which you are entitled to a tax deduction and can also impact your contribution limits.

**How are insurance benefits taxed?**

The rules relating to the taxation of benefits are complex and you should seek professional tax advice from a registered tax agent.

Where required we or our agent will withhold tax from benefit payments and forward the money to the ATO.

**Providing your Tax File Number (TFN)**

Under the *Superannuation Industry (Supervision) Act 1993*, your superannuation fund is authorised to collect your TFN, which will only be used for lawful purposes.

These purposes may change in the future as a result of legislative change. The trustee of your superannuation fund may disclose your TFN to another superannuation provider, when benefits are being transferred, unless you request the trustee of your superannuation fund in writing that your TFN not be disclosed to any other superannuation provider.

It is not an offence not to quote your TFN. However giving your TFN to your superannuation fund will have the following advantages (which may not otherwise apply):

- your superannuation fund will be able to accept all types of contributions to your account/s;
- the tax on contributions to your superannuation account/s will not increase;
- other than the tax that may ordinarily apply, no additional tax will be deducted when you start drawing down your superannuation benefits; and
- it will make it much easier to trace different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

You should provide your tax file number (TFN) to us. If we don’t have it, your application for Life Cover Super or Protectionfirst Super cannot be accepted.

Also, without a TFN you may be taxed at the highest marginal tax for the benefits that are paid to you.

We will verify your TFN with the ATO. For more information visit [ato.gov.au](http://ato.gov.au)
Resolving complaints

We can usually resolve complaints over the phone on 132 652, or international callers on +61 3 8634 4721. Alternatively, you can email or write to us. You can escalate your complaint through our internal dispute resolution process in which we will conduct a review and provide a final written outcome, including the reasons for our decision.

More information about how to contact us and the complaint resolution process is available at mlc.com.au/complaint.

If you’re dissatisfied with the outcome of your complaint or your complaint is not satisfactorily resolved within 90 days, you have the right to lodge a dispute with the Superannuation Complaints Tribunal (SCT), an independent, external dispute resolution body established by the Commonwealth Government, which can resolve certain types of disputes relating to superannuation providers. You can contact the SCT by calling 1300 884 114 or emailing info@sct.gov.au.

Time limits apply to certain complaints to the SCT so you should contact them to find out if a time limit applies. More information is available at sct.gov.au.

If you have a complaint about the financial advice you received, you should follow the complaint resolution process explained in the Financial Services Guide provided by your Financial Adviser.
Keeping you informed

Each year, we’ll provide you with the following information so you can stay informed about the insurances and any changes that may arise:

- A statement of the insurance with a summary of all transaction details for the financial year
- Information in relation to any material changes, and
- Confirmation of non-routine transactions you make on the insurance.

We may provide this information to you by mail, email or by making the information available on mlc.com.au.

We will let you know when information about the insurance has been made available online. If you prefer to receive updates about your account by mail, please let us know.

Information in this PDS may change from time to time. Updates in relation to information that are not materially adverse will be made available on mlc.com.au but you may not be directly notified of these updates.

Anti-Money Laundering

We’re required to comply with our obligations under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Act) (Cth) and the Australian Sanctions laws.

We may need to collect information from you, anyone acting on your behalf or your related parties.

Amongst its other AML/CTF obligations, we are required to adhere to AUSTRAC’s reporting requirements.

We may decide to delay or refuse any request to process any transaction, including suspending a withdrawal application, freeze accounts or restrict access to funds (where permissible under any applicable legislation), if we are concerned that the request or transaction may breach any obligation we have under the AML/CTF Act, or cause us to commit or participate in an offence, under any law.

We will incur no liability to you if we do so.

We or the Insurer may not be able to provide you the product or a service, or administer it appropriately. Application form
MLC Personal Protection Portfolio
MLC Life Cover Super

Issue 11
Preparation date: 30 June 2017

Important information
Before you complete this application form please read the relevant Product Disclosure Statements (PDSs) and any supplementary PDS. These documents will help you understand the different products, how they work and decide if they are appropriate for you. The PDSs that are relevant to you are:

- For MLC Personal Protection Portfolio and MLC Life Cover Super – MLC Personal Protection Portfolio and MLC Life Cover Super Product Disclosure Statement (Insurance PDS), issued by the insurer, MLC Limited.
- For MLC Life Cover Super – please also read the MLC Super Fund – Retail Insurance in Super: for Life Cover Super and Protection first Super Product Disclosure Statement (Super PDS) issued by the Trustee, NULIS Nominees (Australia) Limited.

This application form is jointly issued by the insurer and the trustee with the purpose of collecting information each requires to be able to provide the insurance and superannuation products you want.

Your duty of disclosure to us, the insurer
When you apply for a life insurance policy, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you extend, vary or reinstate the policy.

You do not need to tell us anything that:
- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If someone other than you will be the life insured under the policy, any failure by that person to comply with the above duty will be treated as a failure by you.

If you request life insurance inside super, the Trustee obtains this insurance from us in relation to you. In this circumstance, we rely on the disclosures that you or the Trustee makes to us.

If you do not tell us something
In exercising the following rights, we may consider whether different types of cover can constitute separate policies of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the policy within 3 years of entering into it.

If we choose not to avoid the policy, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the policy provides cover on death, we may only exercise this right within 3 years of entering into the policy.

If we choose not to avoid the policy or reduce the amount you have been insured for, we may, at any time vary the policy in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the policy provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

Disclosure – MLC Transfer Applications
If you apply to transfer your insurance from an existing MLC policy to a new MLC policy (transfer application), we will rely on the matters disclosed and representations made to us prior to entering into the existing MLC policy and, if applicable, the matters disclosed and representations made to us with your application for a new MLC policy (including an application for any change, increase or addition to the existing MLC policy) when making a decision whether to accept the transfer application and on what terms.

If we refuse your transfer application for any reason, your existing insurance will continue unless you choose to cancel it or your insurance ends. By submitting a transfer application you consent to this process.

4. If existing insurance is to be replaced, I will cancel the existing insurance. If I do not, I understand that any benefit payable on the occurrence of an event under any policy issued from this application will be reduced by any benefit paid or payable for the same event under the existing insurance.
5. No insurance will be effective until MLC Limited accepts this application and issues a policy (or, in the case of an addition to an existing policy, a revised schedule), except for Interim Accident Insurance that will apply subject to specific terms and conditions, and
6. If income protection insurance has been applied for I declare that the Earnings stated in this application are:
   • my Earnings before tax, after the deduction of business expenses, over the last 12 months
   • from my primary occupation only and do not include income from a second occupation.
7. If business expenses protection has been applied for I declare that the Business Expenses monthly benefit requested does not exceed my monthly share of Covered Expenses (please refer to the Insurance PDS for a list of expenses included and not included as Covered Expenses). I understand that Covered Expenses only include the reasonable and regular operating expenses of the business I own and manage, and can also include the net cost of a Locum.
8. I consent to MLC Limited disclosing or discussing with my financial adviser any matter relevant to the assessment of my application for insurance including financial, medical and other matters, whether disclosed in this application, obtained from third parties (eg Doctors, accountants) or otherwise discovered as part of the assessment process,
